THE NEW YEAR

With the first few days of 1964 under us most are looking forward and trying to penetrate the veil that obscures the rest of the year. I know if we are like what 1964 had in store for us there would be no reason why we wouldn't be able to successfully penetrate it. I am sure it will be a year of progress and growth for our country. Unfortunately this is not the case, and perhaps fortunately this is so.

We can only go back and look at the lessons of the past behind us, and with shrewd calculation and strategy meet the days of their approach.

Perhaps in this new year we should take a lesson from the hammer. A good one would be to use it and fly off the handle. It looks on the other side and shines. Occasionally, it finds the point and drives it in. It is the only knucker in the world that does constructive work. He who works with his hands only is a laborer. He who works with his hands and head is a craftsman. He who works with his hands and heart is an artist. He who works with his hands, his head, his heart and his feet is a craftsman.

We go into 1964 whether we are a laborer, a craftsman, an artist, or what have you let us remember we are living and earning, spending and enjoying our lives in the best of the best communities and that this goodness can only be reflected through our selves and what we do.

Happy 1964.

THE MAIL SERVICE

For some years now the matter of an increased vitality in the mail service for Bashaw and the intervening towns between Camrose and a Mirrior has been a problem that many have given attention to, and many have given little to. Bashaw is a metropolitan area, but mail to the town and district is as important as here as in Montreal. We pay the same postage buildings; we read the local regulations and laws; but somewhere what is a good mail service comes the governmental location of the town, goes out the window, and we would intimate that some help directing the mail service to the town is not only a case of the business, the time of people, the need required, and financial potential that is still untapped, to say nothing of the potential that is in progress.

It is ridiculous to have mail from Calgary take up to five days to arrive (and in the summer, when the time from Ireland by air is less than a day, where the bottle neck is even quicker. A long look at the first class mail from Calgary to Mirrior and the north south mail from Calgary to Mirrior, the package cost and west Canada north, and the middle of progressive thinking postal people show that a direct mail service once a day would save the truck to Mirrior, taking over some business, and a direct doubling back to Camrose. Even with, with a little dreamed that one day, a new long look at mail service on Highway 21 is necessary, taking into consideration the projection of this time 15 years from now. If this has to be subsidized then let it be for us in this part of Canada have been subsidizing CNR for 10 years. Perhaps less there and more at postal services would equalize our contributions.

THE RAMP BARBAROS
Two years ago we had a letter from Ottawa on the building of an RCMP barracks here with sketches of the structure to be started in 1961 winter work program. This was not our business, but we can be a continuity in government on matters of national policy. We have no barracks yet.

As we go into 1964, we are a laborer, a craftsman, an artist, or what have you let us remember we are living and earning, spending and enjoying our lives in the best of the best communities and that this goodness can only be reflected through our selves and what we do.

As we go into 1964, we are a laborer, a craftsman, an artist, or what have you let us remember we are living and earning, spending and enjoying our lives in the best of the best communities and that this goodness can only be reflected through our selves and what we do.

PEOPLE LOVE DOING THINGS...

Looking over the years and lives of people one can not help but come to the conclusion that generally, one of the joys of a person's lifetime people have been responsible in the goodness of their hearts for many things that today we are considering services and welfare, and putting a price tag on.

It was mentioned only this week that many can recall the day when men and women later came out hours helping car drivers out of ditches in mud and to this day the memory of that day is still fresh in many hearts as expected that at some time or another their services would be in a similar position.

This was the spirit that built neighborhoods and friendship and brought man closer to his fellow man. It was never so much trouble to run up a stranded motorist or a team and its driver for the night.

Today, in many cases this is still true, but our happy motorist who finds himself out of gas can call on his farmer friend and get out of the hole. The person injured in a fall can count on the help of his neighbors. Somebody with trouble can count on someone being on hand. This is the essence of brotherly love in practice, and rather than see it recede we would see it grow.

THE TOWN WATER AND SEWER

Arrangements have been studied by the council for an extension to water and sewer service in the west end of town, extension of the water supply by an additional well, and possibly the provision of a tower for water pressure. The whole scheme is designed to give plenty of water, better sewer outlet, and serve areas which have not had water or sewer.

Cost of this project will be borne either on mill rate or over the years by debt service payments, or some other means of payment, which will be notified to the public. At the same time a census is being conducted to determine the status of the village (whether it is large enough to incorporate as a town).

The fact that the town is actually expanding into a town is indicative of the growth that is happening, and all residents should be careful to determine the status of the village (whether it is large enough to incorporate as a town).

It is a fact that the town is actually expanding into a town is indicative of the growth that is happening, and all residents should be careful to determine the status of the village (whether it is large enough to incorporate as a town).

... Ladies three day bonfire to a frosty start Jan with its eight participants were entered from Alex Cive, Erskine, Haynes, and Stettler. The ladies was been with the following:

PERTY
David, Stettler.
Erskine, Cive

(for the banquet, the draw committee, and to those who donated trophies and prizes.

... you will be all again next year, may it be as enjoyable. Sharp shooting, class sweeping!

Well done to the Midland Hockey team sponsored by the C.O.P. who by beating Stettler 2 to a 4 game in the arena here on Wednesday.

evening assured themselves (no we are told) of a place in the Provincial playoffs sponsored by the Foresters Court. Teams from Jasper Place, Poncha, Red Deer

compared the Rev. and Mrs. Na-
kayama to Calgary last Wednesday
evening when they attended the
banquet in honor of Archbishop
and Mrs. Axon on the occasion of
the retirement of the former from
active Diocesan duties.

Get well wishes to Mrs. Lulu
Bell who underwent surgery in the
University Hospital in Edmonton
on Monday morning.

Women's World Day of Prayer service will be held in the Anglican Church in Alix on February 6th at 4 p.m. with all ladies churches participating. All ladies and girls are cordially invited to attend.

worked at the corner, Alford.

YOU'RE IN NEED OF FURNACE
 WORK FOR THIS WINTER

Now tell you we have installed any number in
your districts and our work stands on its
own record. Before consulting elsewhere check
with us on the type of furnace you want and the

of fuel you will use. There are many factors to take into consideration when installing a heating system—and we have had enough experience to know of the many.

Holts'-Bashaw

I'll help you one way or another. **BASHAW**

CARD OF THANKS
We would like to thank all for
permanently of expressing our ap-
preciation for the pleasant home
warmth and hospitality of our friends
relatives and neighbors on Tues-
day evening. We really appreciate
your thoughtful
Arnold and Ruby Scholz

I would like to thank my friends
and relatives who took time from
their busy schedules to be with me
in the hospital. It was really
appreciated. A special thank you to
Dorothy Stenerson and Doris
Bridle.

Mrs. Bebe Fisher

CARD OF THANKS
I wish at this time to thank all
my friends and neighbors
who so lovingly and joyfully help-
ed me celebrate my 88th birthday.
As the years go by it is becoming
more important that we should meet
and enjoy our friends as they pass
time. Thanks so much for the very
enjoyable day and the gifts.
Don DeLaney

Bashaw Briefs

Victims at the home of Mrs. John Miller over the week-
end were Mrs. John Miller, son
and Carol of Edmonton, Miss
Lillian of Calgary and
Turner of E.D. Point.

Linda Hunter of Calgary spent
the week end at the home of her
parents Mr. and Mrs. Glen Hunter.
Mrs. Hunter's daughter, Linda, spent
the week end at the home of her
parents Mr. and Mrs. Tom Hunter.

Mr. and Mrs. Fred Williams motored
to Edmonton with Mr. and
Mrs. Max Chamberlain of Okotoks
(Saturday) to attend the celebra-
tion of the 50th birthday of Mrs.
Williams. While in Edmonton, they
visited Mr. and Mrs. Fred Williams
who is in the University hospital.

Mr. and Mrs. Don Ashworth
Smith and son Glen of Edmonton
spent the week end at the home
of Mr. and Mrs. Herman H. Scholz.
Mr. and Mrs. Melvin Norn of
Edmonton spent the week end at
the home of Mr. and Mrs. Melvin
Norn.

Kathleen Sherry is home from
Calgary tonight at the home of her
parents Mr. and Mrs. Carl Sherry.
Bill Hamilton has returned
home from Bashaw hospital where
he has been a patient for some
time.

PERSONAL EVENT
First, Pat Cunningham risk of
Lacrosse second, Chuck McDonald
risk of Alia; third, L. Parent risk
of Alia; fourth, Douglas Ross risk
of Alia; fifth, Douglas Ross risk
of Alia.

THIRD EVENT
First, Brian McEwen risk of Alia;
second, Don Deane risk of Alia;
third, Claire Weddell risk of Alia;
fourth, Don Thompson risk of Alia;
fifth, Don Thompson risk of Alia.

Second year in the Grand Cham-
pion were Don Brown, risk of
Bashaw; Don, George Pratt risk
of Bashaw; Bill Knight risk
of Bashaw.

The report of the Central Com-
mittee given by Fred Way showed
that the church this year was bring-
ing for slightly less than a year
ago.

Report of the AYPA given by
the pastor showed that the group
which was now meeting once a
month had Clarence Norman as
vice of the committee and the was
relieving the work had on other
personnel. They must find ways
to help service and are discuss-
ing and practicing the relationship
of the Anglican young people to
the church.

During the year the Anglican
WA were very active and ended
up the year with a small balance
but the figure this year was
the best of the year.

Don Bell, the superintendent of
the Sunday school showed that
they had a slight surplus balance
after operating for year with \$2.

QUALIFY FOR A Panogen SILVER JUBILEE AWARD

Progeny, the world-famous seed company, is celebrating its 50th anniversary of business in Canada on Sunday, Feb. 8th. To mark this occasion, the company is offering a special Silver Jubilee Award to the first person to qualify by purchasing a certain amount of seed.

The award is a silver plaque and a certificate of appreciation. It is open to all who have purchased seed from Progeny since its inception in 1914.

For more information, contact Progeny at 1000-101st St., Edmonton, Alberta.

United Up 1964 Budget

At the annual meeting of the Bashaw United Church, held on Sunday, Feb. 1st, the congregation approved a budget for 1964. The budget is a balanced one, with income and expenses both totaling \$10,000.

The budget includes provision for the salaries of the clergy and staff, the maintenance of the church building, and the support of various church programs and activities.

The congregation is asked to contribute to the budget by the end of the month of February.

Hopfe Bros. Service

Due to the closure of the feed service on Thursdays, the Seminar Feed Service will be closed on Thursday afternoons. Customers are asked to plan accordingly.

EVERY PART IN THIS PICTURE ON EVERY NEW Plymouth, Dodge, Valiant, Chrysler & Imperial car and Fargo & Dodge truck IS BACKED FOR 5-YEARS OR 50,000-MILES!

This outstanding warranty covers defects in parts or workmanship in the power-train—that's the engine and all internal parts, water pump, intake manifold, transmission, torque converter, drive shaft, universal joints, differential, rear axle and rear wheel bearings. And it includes both parts and labour. It is honoured by every Chrysler Canada Ltd. dealer.

All you need to do is have the oil changed every three months or 4000 miles, the oil filter replaced every second oil change, and the carburetor air filter cleaned every six months and replaced every two years—and have these services validated semi-annually by your Chrysler Canada Ltd. dealer—in other words... just normal car care.

This exclusive warranty comes with every 1964 Plymouth, Dodge, Valiant, Chrysler and Imperial car, and Fargo and Dodge truck. A warranty tells you two things about a car and truck manufacturer: the confidence he has in the way his product is built; the concern he feels for those who buy his product. Only Chrysler Canada Ltd. dealers offer you this kind of confidence and protection. Don't settle for anything less!

When your stomach won't "settle" for anything but the best...

BISIMA-REX

TO GIVE ACID-STOMACH A REST!

When you're suffering from heart, after, indigestion, heartburn, or gastric distress, you need BISIMA with a capital "R"—and that "R" stands for Rexal—Bisima-Rex! The antacid that helps create relief in a matter of minutes. Proved FASTER by actual laboratory tests.

When scientifically tested in the laboratory, Bisima-Rex Powder came out ahead of three other products when taken for acid-indigestion, in neutralizing excess stomach acid quickly. Tests further showed that Bisima-Rex was more palatable. Another good reason to remember Bisima-Rex when your stomach is crying for relief.

Hard Time

Dance, April 17th, 1964. Col. Green, Sergeant, held a dance in the basement of the Anglican Church on April 17th. The production of some rather fine dancing was the result of the hard time which was the result of the dry weather. There were 100 lbs. per acre of Lacombe Nitrate was applied. The dry weather yield was 2.75 lbs.

Application rate of 200 to 300 pounds per acre is recommended at the present time of the possibility of extreme drought and the present lack of information on the possible effect of heavier fertilization on the yield of the crop.

GOLF CLUB PLAN CLUB HOUSE IMPROVEMENTS

The annual meeting of the Banquo Golf and Country Club was held April 13th at the Canadian Legion with a fairly good attendance. Officers for the new term are as follows:

President—Mr. R. H. Schultz
Vice President—James Bell
Secretary & Treasurer—L. M. Nugent

Mr. C. C. Sharp was elected to replace the late Mr. Gordon Brown as treasurer. His term of office was extended for three years terms.

Bob Brown and Mr. J. M. O'Callaghan, two year terms. Don Whitney and Ernest Schuler, one year terms. Revenue Schuler, one year term.

An informal discussion followed regarding procedure on league matters in grounds, buildings and golf facilities.

A \$250 to raise for prizes was approved for this season. Another was given to buy a spray for the clubhouse and the management more effectively.

Plans to fix the inside of the Club house with wall board and hang drapes was made.

Several acres of breeding had been done and this will improve and enlarge the play grounds for the youngsters and also the pleasure of a new hole in the hole.

A vote of thanks was extended to the Canadian Legion for the loan of the clubhouse.

CHAMBER TO MEET WEDNESDAY, MAY 13

The Chamber of Commerce meeting to be held on the 13th Wednesday each month has been changed to the second Wednesday.

Each month an up to date meeting will be held of business meetings all business men and women of the town or district who are interested, or should be interested, in the business and social life of the town.

Per the present time the barbers shop and barber will be in the building, but has plans to remove the building.

Meeting immediately he will hold

Ye Editor's Page

IT IS HARD TO BEHOLD
It is hard to guess just what will happen in Bashaw in regards to building during this year. Certainly indications point to a busy one. If present indications are correct we might have extensive renovations as well. There has been some injury regarding another apartment house; extension of present businesses; and a host of new homes to be built. This sort of thing always adds some impetus to present business and we as citizens should be doing all we can to look at our own needs. For one always seems to bring another.

WE COME FULL CIRCLE
In man's thinking ultimately most people go round in a circle on world or personal problems (this is not a bad thing) for on the way we often get out the essential from the non-essential. We have opportunity the next week to hear some outstanding thinkers express their same thought in various ways, and for those who are overreacting or have worried about the hydrogen atom bomb in relation to the future, there was one, we thought comforting thing said; that it wasn't so much the atom bomb or the hydrogen bomb but man himself who creates it that is the problem and that eventually we will come full circle in our thinking back to man and the intricate thing of life as being the most important. Hence man is the problem here, every one has some responsibility in building morally, right thinking and a love for one another. We are not remote from over the world's biggest and fearful problems when we recognize that in our small way we too can affect the thinking of man, even in our own community, for the good of all men. We are beginning to leave behind

Children of God

"...thou shalt be my sons and daughters, and the Lord Almighty."
Hosea 1:10, Isaiah 43:6

We are, indeed, all children of God. Every man, every individual has the opportunity to believe in God, to accept salvation. It is a privilege, made possible through God's love for all. He is the strength of Christianity. Here lies the strength of the individual. Children. If we believe in God and understand the example of the life of Christ upon earth, we acknowledge God is willing to meet the trials and temptations of life and to recognize the rights of all mankind. We must remember, however, that God expects something of us in return.

Watch for Moose Activities

Bashaw Chapter 1277 WOMEN — The Chapter met at the Moose home May 14th with Senior Regent Miller at her station. The chapter held on a new member.

New Harriet Carlstrom was given out to the co-workers.

Bashaw 1277 Women of the Moose received their chapter award of achievement for a successful year in 1963.

Reports were read and mailed. The sick committee reported that 5 boxes of fruit and 3 cards had been delivered by chairman

Erlie Miller.

Contributions were passed out to Juliana Hunter on the honor in getting her call into the Academy of Friendship on behalf of the chapter.

A donation was made to the Ladies of Moose.

Members were called for, for new officers for the year and all officers were elected by acclamation.

A voucher for the band was received.

The membership committee read a checkered list, circulated

by co-worker Erlie Miller and it was read by Mrs. Norville Scholz. Reports for June 8 meeting are: Junior League, Pottery, Ladies' Service, Chapter Night for Academy of Friendship.

Launch committee for June 8 are: Alvina Scholz, Margaret Blum, Mary, Inga Miller, Violet Rait.

The LODGE joined the ladies for the night.

Co-worker Alvina Scholz is on sick again after a stay in hospital. Executive committee will meet at Supply Storehouse June 1st.

All yellow hand books and ribbons are to be handed in at June 1 meeting.

Co-worker Juliana Hunter was moved into the Academy of Friendship at Red Deer May 5.

Bashaw Briefs

It was 21 years ago May 18th that first Bashaw for the year present was done on Pete West's place.

Dave Rowlett was in charge of the development at Presbury meeting in Old Red Deer.

FATHERS—OH FATHERS!

Last week's father's day which is sort of a new institution for the name and celebration as Mother's day. We are not sure, in this day and age that there is any one who can't do it either, for we can't have the love and affection of our children on parade, then we have a completed a job that seems to day by day be disappearing.

This may, in some cases be the fault of parents, but today's society of entertainment must also share some of the blame.

Just because we happen to be a father in 1964 is no reason that this quality has been written but rather because we think "the old man" deserves as much credit as his mother. Perhaps too when children see that a day is set for "parents" they will wonder "There must be a reason!"—and this is good.

We would not think the reason has to be that father needs a gift, but rather that children, sometime there is a love between father and children.

GRADUATION THIS WEEK

The mark of graduation has appeared on the horizon again and Friday night the Bashaw High School will be making their event one of the best social functions of the school year.

To those who are leaving, graduation or not, may we pass on our best wishes for what ever field you may enter. Decisions are going to have to be made and choices given and at any time of choice it is hard to say for a student. However, looking at it with a straightforward view, rough graduates must remember that if they have decided they have made a mistake in their choice of career, then they have made a mistake. Learning this is not always bad, for you have made years before to again choose a direction.

Many men and women have hit the bottom of the ladder in their life's work, then started again as a new choice.

Life is full of choices from our childhood in the waiting room as a show you choose depends on you—only you are you.

How much a community moves forward depends on how many are interested and want to work.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

Value Of Salt In Perspective

In an interesting article in the high-contrast comparison of the value of salt in the diet of livestock, it is pointed out that salt is one of the most essential elements in the diet of livestock. It is not only essential for the health of the animal, but it is also essential for the production of milk and meat.

The article points out that salt is one of the most essential elements in the diet of livestock. It is not only essential for the health of the animal, but it is also essential for the production of milk and meat.

The article points out that salt is one of the most essential elements in the diet of livestock. It is not only essential for the health of the animal, but it is also essential for the production of milk and meat.

The Cheerful Given

We have all heard the expression "Give with a cheerful heart." It is a simple statement, but it is one that is often forgotten. The article discusses the importance of giving with a cheerful heart and how it can make a difference in the lives of others.

The article discusses the importance of giving with a cheerful heart and how it can make a difference in the lives of others.

THE FIRE PROBLEM

Although the fire of Tuesday night which destroyed the Dillman store and home, perhaps never had been cured, certainly this has points on the need of some joint action program in the various towns of the area that closer equipment might be brought into the area. The call for a civil defense pumpster at Camrose was a one-way traffic. It is made it almost impossible to prevent service this fire by the time it had arrived. A working agreement in the County and advance county might well have enabled the civil defense pumpster to be called to Haskay, New Norway or some other town or village to stand by while they were available to go immediately. A thorough arrangement to enable towns and villages at least to have adequate fire protection in case of an emergency might pay off in dollars of property saved. At the same time consideration must be given to the rural fire-station and units situated within fire districts. The loss of buildings and contents of one good farm today cost more than pay for one unit in several years. Contribution does not work satisfactorily as fires beyond the immediate perimeter.

OBITUARIAL AREA

The idea that has been brushed to the County of Camrose for a central arena for winter sports for the County is having its own day. For those within 10 or 20 minutes winter drive of Camrose the idea would be to have a central arena for those people pooling their resources they can establish a winter recreational program. For those who live in Haskay, New Norway, point it has much to be desired. Certainly all the people from the County are having to drive to the arena to play. It is a waste of time to go to practice once a week, be in Camrose or have the greater use of time to do make this possible all winter.

A barrier that would feed out of the end of the road for pulling would have a lot of time and badly needed arena carver hand.

A cutting job on town streets would add dollars to real estate.

Meeting Creek Say No Grade XII Partly Cause "Drop out" Problem

The sixth regular meeting of the School Committee of the County of Camrose No. 2, held on June 18, 1964.

With Mr. A. J. Vilm as chairman the minutes of the May 28th meeting were read and accepted with the following amendments: The teachers' meeting was held on June 18th at the school ground and it was decided to have a meeting on June 25th at the school ground. A discussion was held as to whether or not the teachers' meeting should be moved to a new location. This matter was tabled for the time being.

Nominations were called for for the school, or similar measure which are now being put up for election. We need an arena here, and one day it will be a possibility.

FIGHTING LOVERS

Most male followers of the fish line have had one place or another of fancy fish line that most guarantee a catch. Many have had hard-earned dollars to hold of these lines, only to find that the boy with the best line came home with more than they.

Some lures have fancy do-dads on them, some with feathers, some with a small piece of fur. The fish line is the lure (if it does not catch the fish). We are told that an article which said "The fish line is the lure" before each fish line.

MEETING CANCELLED
—Continued from Page 3
Sheep Creek said that this year as a view of the fact that the sheep teacher has resigned and no replacement has yet been appointed. The matter was tabled.

The Maintenance Committee was authorized to proceed with the maintenance of a bathroom in the washroom No. 1 at the moment. Mr. Olin also reported that he had learned that it was Mr. Paul's intention to cover the track in the end above the 400 yard line by the installation of a back board behind the existing with plastic tarp. Mr. Olin's opinion that the back board would not serve its purpose, and he was not recommending the area as a place for recreation.

The meeting of the Maintenance Committee was held in the back of the washroom. The meeting was attended by the Maintenance Committee members and the maintenance of the washroom was tabled. The meeting was held in the back of the washroom. The meeting was attended by the Maintenance Committee members and the maintenance of the washroom was tabled.

It was reported that a survey of the school committee was held in the back of the washroom. The meeting was attended by the Maintenance Committee members and the maintenance of the washroom was tabled.

Town of Bashaw

Waterworks and Sewerage Extension Survey for Consideration

SEALED TENDERS will be received by the Town of Bashaw at 2 p.m. Monday, July 27th for the following items:

1. Approximately 700 feet of 12" water main.
2. Approximately 150 feet of 12" sewer main.
3. Approximately 1000 feet of 12" water main.
4. Approximately 1000 feet of 12" sewer main.
5. 1000 gallons water tank.
6. Sewer lift controls.

Plans and specifications may be obtained by application to the Town Engineer, Mr. J. H. Hartwig, at the office of STRONG, LAURIE & NELSON, LTD. at 400 St. Mary St., Calgary, Alberta.

Tenders must be accompanied by a cash deposit of Twenty-Five Dollars (\$25.00) which will be returned to the successful tenderer upon receipt of a certificate of acceptance of the work. The deposit will be forfeited if the tenderer fails to enter into the contract within the time specified.

Tenders must be submitted on the form provided and must be accompanied by a certified cheque for bid bond of not less than 5% of the amount of the bid.

The successful tenderer will be required to supply a performance bond in the amount of 5% of the contract price to guarantee completion of the work.

After tenders are opened and the award is made, the successful tenderer will be required to sign a contract within the time specified.

"free" a privilege...

...you cannot "lose" a privilege—but it's there. The privilege and opportunity of developing co-operative ideals. The satisfaction of working with your neighbor in building an effective organization that serves YOUR needs. By joining a co-operative association, and strengthening your co-OP to the fullest extent—you help in the development of this great movement and assist in operating YOUR OWN business. Co-operatives are building a sound national system.

Enjoy the Benefits of a Co-op Membership!

A Message

TO THE SHAREHOLDERS AND PATRONS OF THE BASHAW MUTUAL TELEPHONE COMPANY LIMITED, BASHAW, ALBERTA.

On the 14th day of April, A.D. 1964, application was made to the Alberta Government Telephones to cover the amalgamation of the Bashaw Mutual Telephone Company Limited, the North Battle Lake Mutual Telephone Company Limited, the South Battle Lake Mutual Telephone Company Limited, the Southwestern Mutual Telephone Company Limited, and the Stony River Mutual Telephone Company Limited, under the name of the Bashaw Mutual Telephone Company Limited. The amalgamation has now been approved by the Alberta Government Telephones and the new telephone company registered as an incorporated company on April 23, 1964.

The Bashaw Mutual Telephone Company Limited will be managed and operated by a board of Directors consisting of the following officers:

President — Clifford Binkley
Vice-President — Walter Binkley
Secretary-Treasurer — J. J. Dault
Directors — Alvin W. Binkley, Lloyd Johnson, Carroll E. Smith, John C. Vancura, W. Binkley, Charles Binkley.

All the Shareholders of the amalgamated telephone company will receive a share in the Bashaw Mutual Telephone Company Limited, valued at \$10.00 each subject to a revolving loan from the Alberta Government Telephones. This revolving loan is to cover the net indebtedness of the company to the Alberta Government Telephones. The revolving loan will be repaid by the company over a period of ten years.

The Bashaw Mutual Telephone Company Limited, takes over all of the Assets and Liabilities of the amalgamated companies.

All rentals and bills due from May 1st, 1964, must be paid within 15 days from date of billing. When the total amount of any rental or bill is \$10.00 or more, a request will be made in writing, and that the full balance must be paid within 15 days, and if not paid within 15 days, the company will be obliged to suspend service to the customer.

The Bashaw Mutual Telephone Company Limited, has taken over all of the Assets and Liabilities of the amalgamated companies. The company will be managed and operated by a board of Directors consisting of the following officers:

President — Clifford Binkley
Vice-President — Walter Binkley

Brown - Fankland

On Saturday, June 6th, at 8 o'clock, the Anglican church in Calgary was the scene of a lovely wedding when Carl Francis M.L.A. who travelled many miles from his home in Calgary, was married to Mrs. M.L.A. who travelled many miles from her home in Calgary. The ceremony was performed by Rev. F. Dylis officiated at the double ring ceremony.

The bride wore a full-length gown of white satins, and a crystal encrusted necklace. The bride's hair was styled in a classic updo. The ceremony was performed by Rev. F. Dylis officiated at the double ring ceremony.

ZIPPERS - ZIPPERS

We are grateful for our short holiday that the other aspect programme does not depend on zippers. As useful as this item is in everyday life we have found after running that there are several times, several ways to work them and invariably at some time or other all can and do go wrong.

The thought then struck us that something in the way that the zipper is made or the way that it is used is causing the trouble. The zipper is a simple device, but the way it is made and the way it is used is causing the trouble. The zipper is a simple device, but the way it is made and the way it is used is causing the trouble.

ONE WAY TO GET A NEW PERSPECTIVE

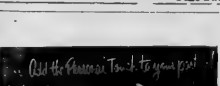

The zipper is a simple device, but the way it is made and the way it is used is causing the trouble. The zipper is a simple device, but the way it is made and the way it is used is causing the trouble. The zipper is a simple device, but the way it is made and the way it is used is causing the trouble.

NEW DECISION - LESS TALKATIVENESS

After the first few months the electorate federally are quite divided. The way their representation in both government and opposition has been carrying on. They know that the federal government is not doing what they want.

Grandma Nelson Feted at Donalds

The Clifton Clements spent time in New York on July 1st holiday at the Donalds. There were about 20 relatives and friends present. Grandma Nelson was the guest of honor. She was 85 years old and had been in poor health for some time. The Donalds family was very happy to have her with them.

The Lady Likes...

By Mary Carter

It does you best good, at the end of a busy summer, to get back into the house and excitement that I enjoy for the rest of the year. And what better way to get into the mood of activity than by shopping at the Bashaw "Sale of Sables"? It starts on August 10th and promises a real shopping adventure. If you feel the same way I do then you'll want to get a couple of hours in your neighborhood Bashaw store during the sale.

When you come across a beautiful, plastic chair for sale, it only costs \$4.95. A lot of 33 spring-top chairs plus for sale in a group only. There is a sample of the remarkable bargains on the Bashaw "Sale of Sables".

And another feature you won't want to miss is the "Sale which a sale" on Bashaw's famous Tiffany collection. There's a full 25% reduction in prices of this outstanding line of glassware. And when you're in the store to look for the "Money-Best" you'll only get one — every decision is welcome, no matter how difficult.

And speaking of the Olympics, did you know that Bashaw's famous "Vintage" wine was selected for use by the Canadian athletes during their intensive training and competition?

There's a lot of important new developments in the field of wearables being introduced on the "Sale of Sables". A new line of sporty, casual wear. A new collection of casual wear. A new collection of casual wear. A new collection of casual wear.

Oh, there are so many wonderful new things to see, and so many tremendous bargains, you'll find that the Bashaw store is a place where you can find everything you need for the summer. The Bashaw store is a place where you can find everything you need for the summer.

FIRE PREVENTION WEEK

This week is Fire Prevention week and like all the other special weeks of the year it is intended that we should concentrate not only on not having destructive fires but concentrate even more on the prevention of any at all.

Perhaps this week would be as good a time as any to have that great array of fire prevention taken care of before it does get around to attack and attack and attack for refuse and have your electrical outlets made safe.

Fires can happen anytime, anywhere, but much of it can be prevented if you take the time.

During fire week here it would be well to go for the rural towns to think seriously about the pump engine and tank that might well pay for itself in one disastrous fire a year.

THE COLOR OF AUTUMN

This year, perhaps nature has done her "best" work of many colors and it seems not to matter just where she takes to see nature arrive in her gay attire. This is the year to be taken, colored, brown, white and indeed later, and white for contrast are as sharp, and "darkness as vivid. No matter how hard man tries to capture the beauty of it, it is taken, the eye receives the drama of color, and reacts to it, to the brain, and heart and soul for full appreciation.

It is perhaps good that we are not able to do this ourselves, for with that accomplishment we would make man a world, we would have a more exalted idea of our own eye, and even try to pretend we are God.

PROTECT YOUR HOME

Only you can prevent the senseless loss of life and property caused each year by fire. Last year in Alberta, 42 people, 10 of them children, lost their lives in fire. Damage to homes amounted to two million dollars. Fire prevention is your responsibility. Check for fire hazards now, during Fire Prevention Week, and always be on guard!

- Never smoke in bed
- Check for leaks, smoking, smoking, smoking
- Check for leaks, smoking, smoking
- Check for leaks, smoking, smoking

JUS' RAMBLIN'

By News Editor
It seems strange but every now and then I get a letter from a reader who writes me that he is a "Jus' Ramblin'".

THE COMMERCIAL WORLD

Whether we like it or not our business world is slowly changing from a society of men to one where the ultimate dollar profit must become the main motive.

To acquire this new motive, day in a cold, hard universe with out reference to emotion, goodwill or some of the other virtues that have been the backbone of our business associations are constantly talking of the new feature, most business men revolute this as business and have no reference to the main virtue.

THE GREAT PROBLEM

The great problem of all our time is the time that we have to live with. We are not against profits, this is the fact of life. But we are not against profits, this is the fact of life. But we are not against profits, this is the fact of life.

MIRROR

At the time of the 1964 election, the mirror was a very important part of the campaign. The mirror was a very important part of the campaign.

HOME & SCHOOL THURSDAY

The regular meeting of the Bay of Plenty Home & School Association will be held in the school canteen at 8 p.m. on Thursday, October 27, 1960.

All members will be Mr. Alden Rennie, who is now teaching in Stratford County, New Zealand and who has recently come from New Zealand and who is visiting his family here.

talk with slides.

At the end of the meeting, interested parents will be taken to Miss George's Grade 3 class room, where they will be given opportunity to become better acquainted with Mrs. George with the work going on at Grade III level.

All parents and interested persons are cordially invited to attend this interesting meeting.

A meeting was selected with Mrs. H. A farm tour held October 2 at G. B. The most delicious The next held at East p.m. October

Council Bu

Final Session

At a regular meeting of the Council of the Town of Nashua Sept. 3, the mayor and council members were present. The financial statement for the period July 20th to Sept. 3rd was approved and ordered to be paid \$12,500.00 in order.

Ernest Howell was appointed as Returning officer in connection with the taking of the votes at the election and a survey of poll will be at the location hall.

Proposed Plan 908E, which was clearly as to being part of the portion has been approved.

Captain R. H. Jones was elected as the first of the new ward as we were Block 1 commons.

A letter

\$100.00 was to be paid to the Chamber of Commerce as per agreement of May 18th meeting. The secretary was instructed to send a personal invitation to the Battle River Regional Planning Commission director, Messin, inviting him and his wife to the meeting. It is expected that the Planning Commission are considering visiting Bashaw in the latter part of the month.

By-Laws 228-47 regarding the disposal of property from the old Demokos was read and then placed before the council for consideration.

**DICK MILLER IS
TRADITION FOR
BAKING CAKES**

It has become a tradition in the Tucker families for Dick Miller of Dunwoody to bake and distribute the traditional anniversary cakes each year over the years the activity that has been played has been multiplied at.

He baked the cake for Mr. and Mrs. Geo. Tucker's 50th for Henning and Rita in 1958;

on the stack with a sweep
his tractor but gave up and
steadily with the recovery
freely from the straw.

Brenda was the daughter
of Mr. and Mrs. McMichael
who farm about 7 miles out
of Albia on the station line.

When her parents there
left to mourn her loss three
brothers and one sister.

Mr. R. Warren of Albia will
conduct the funeral service
which will be in the Albia
cemetery.

The Rev. R. Gorman and
the Bandera Ambulance were
called.

ly brutal nothing.

A presentation of a lovely scene of girls in the snow was Mrs. R. L. Miller.

Another picture in the wrapping the girls were Mrs. Jennie Holt, Mrs. L. C. Holt, Mrs. Anna Holt and Mrs. V. Marie Holt.

Afterwards a lovely lunch was served to the many guests.

Business Men Market prices in this paper are last week's and do not necessarily apply now. Wife was lame, and I have.

Miners' Mine Men

Miners and veterans of the lake and field are finding that the winter has been a population on opening day has been a very small one. It is now necessary to do some real hunting.

The Miners has taken to his house in the bush and not to the lake. The men are hunting him out, as easily as the first few days. It is now a time to get the men from the boys in that most pleasant and popular of upland game hunt-

THE CENTENNIAL APPROACH

During the past few months material has been filtering down to local level regarding the Centennial celebration for Canada in 1967. At the level of our own lives nothing definite has been said, but the fact is that the Centennial celebration is a project that will involve a great deal of planning and effort and make really worth any project that may be contemplated.

number of histories of the East Central Alberta area have been and are being produced in order to get down the historical facts while there are in many cases still reasonably accurate. We believe here is one place where a centennial dollar will do much for the cultural and historical interest to the province, and something that will be retained. Underwriting the cost of these important documents is a very real matter for individuals or groups of people. A centennial fund towards any such projects would be a worthwhile contribution to generations yet unborn. In line with such things as museums and historical places, the gathering of such important information deserves a place in centennial thinking, when we are trying to build history.

IS THERE A PROBLEM

WE DON'T KNOW THE ANSWER TO

In recent months, even in Bashaw, we have seen things happening that we wonder whether there is a social problem in our society with which we are not yet come to grips.

Care along the paved areas of main street as a race track, people kicking in after hours to get lost, teenagers drinking beyond their ability to stay sober; firms losing net and national credit and cancelled for damage being done to records in office; general disregard and untold remarks about people who have tried to help; secrets that will never be told; fear of criticism of people; all adds up to a problem of either insecurity, or fear, or both, or a lack of confidence to do off money.

What the answer is can never be determined even by the best counsellors and psychiatrists of young people.

Either society has failed in its approach to the problem or we have failed as parents, in giving our child an appreciation of public and other people's property. It is a problem that will have to be faced, and a remedy started for it will be in further trouble.

NEING FAIR

This community and its officials have tried over a period of years in determining the growth and outward reach of Bashaw to be fair, perhaps beyond fair, in their approach to me and hold anything which they believe would help and enhance the community. We have heard stories that some of the large communities are a bit disturbed about the approach that this paper and this community made in the matter of procuring or trying to procure an old age home. But that is it, the problem lies not in the approach of this community but in the unwillingness of others to co-operate as they have done before, with full knowledge of the facts. This community is going on a long way to co-operate and will always be fair in its approach and work on problems which concern it and will not be deterred once it has set its goal, and that goal is local, fair, attainable.

THE GRAVEL PIT

Since the abandonment of the local gravel pit on the east edge of town, we have been left with an area that has in many respects been a hazard and an eyesore, and certainly it has not enabled any expansion outside of the town. One day this property sitting idle it might be useable if the pit itself could be made more attractive. Officials of the town have noted this possibility, and their thinking may not be too far off line. Over the province there are many areas which in the first stages were no more attractive than this is, yet with imagination and a little labour in planning such areas have been made into beauty spots that eventually become prime places of interest for both the citizens and tourist.

With its gullies and pits and its ab-

Donald's boy

Mr and Mrs Tom Aspendokken, Henry Aspendokken, Mr and Mrs Gust. Norman, Everett and Lee Norman together with Mr and Mrs. Roger Jones and family of Forestburg and Mrs. J. May Darnell and girls of Stettler spent Thanksgiving Sunday with the Neils Aspendokkens at Lacombe. Here they visited with Sgt and Mrs. Norman B. MacCrimmen (nee Mildred Aspendokken) and their two girls 10 and 6 years of age, and Mr. and Mrs. Ed Darnell (nee Irene Aspendokken) and their son, and Asen-

Sgt and Mrs. Norman MacCrimmon who have spent the past 9 years in Eastern Canada are now transferred to Germany where Norman will spend the next four years in the R.C.A.F. They were scheduled to leave Canada this past week. While Mildred is in Europe, the plans to visit with her uncle Lars and Aunt Cora.

Mr. and Mrs. Lars Aspedick and their family who live in Nemedal, Norway. Mr. and Mrs. Lars Aspedick have three children left their farm in the Spruce Creek district in 1923 and moved to Norway to live at that time. Mr. and Mrs. Tom Aspedick and Henry purchased a house in the Galahad district this summer and during the summer had a basement made price to having this hope moved to their farm. The home arrived Thursday before Thanksgiving and the Aspedicks have been living there since.

AN ALBERTA JUNIOR CITIZEN OF THE YEAR

At sixteen years of age, Albertine has proved herself a worthy Junior Citizen by her unselfish care and devotion to her family. Her mother, after a long illness, passed away last December.

For over two years Albertine has cheerfully helped her father with housekeeping, meals, looking after two young brothers every day — always with competence and good humor.

This has not prevented Albertine from passing her Grade 5 examinations with an A standing. Her ambition is to become a social worker — and she'll make an excellent one!

We congratulate Albertine, and thank Alberta's Weekly Newspaper Editors for their active co-operation in the Alberta Junior Citizen of the Year Program, sponsored by Alberta's investor-owned electric utility companies.

**ALBERTA
JUNIOR CITIZEN
1993
THE YEAR**

This is one of a series of Junior Citizen Award announcements. Our special thanks to Mr. R. Neumann, Editor of the *Bashful Star*, and to Albertine's nominator, Mrs. A. Radwin of Bashful.

The Bashaw Star

Member paper of C.W.N.A. and A.W.N.A.

YE EDITOR'S PAGE

WELL, IS IT FAIR?

When some read the editorial last week about merchandising on Saturday nights in Bashaw, the comment was made more than once: "Why don't you do better about those who never come for their merchandise I store up until to check or after on Saturday nights. If we were open till midnight, they would still be there, wouldn't they?"

There is no question that shopping and buying, unaccountably when the stores are open late does create a problem, and there can be no real discourtesy, providing a store closes at anytime, despite the customer's wishes.

A little more consideration in the matter of shopping early will do much to alleviate having to stay open any longer than the time which stores desire.

There is no question that after Christmas stores can be closed about 6 and 7 and still have no problem. But, between November and Christmas there are many who must purchase more eventually if they have the opportunity to buy 9 p.m. Saturday until even 9 p.m.

The Christmas season is a time of selection and gives a few hours in the evening together many can shop together and make some selections which they eventually will purchase. Not on a year.

In the meantime you know as a shopper, a farmer, or a businessman that Saturday is a busy day. A shopping day, unless there is extreme co-operation in picking up your orders before the stores close—whether that time may be in your mind or not—it will be better for us all a part of the community in which we live, and so use of an open Saturday is the road of living without a hassle.

Let's look forward to a happy Christmas and winter season realizing the problem of the other fellow whether he be on the farm or in business. Together we can do most things.

ON GROWING OLDER—

There are fellows in our community who never seem to get older like Henry Holt and a few others. They are the fellows who are one of the creations that you must come to in that it is because of their sense of humor would never let this happen.

It has been said that once you have reached 40 you are starting the dangerous age, and whoever composed the report must have died at 39—for no most adults get into this period of time between that age and 50 or look beyond more than ever to what is ahead; some would say that having reached or passed forty that you are in the prime of your life, and that you enter off in enjoyment of the more active years but from where we stand here, and if the don't have it, the don't have it, and if the don't have it, the don't have it.

Over the years Bashaw business, with all residences have given time and effort to a Christmas and one of the celebrations that you must come to in that it is because of their sense of humor would never let this happen.

A plan now implemented the first part of December would most welcome.

Time to get your colored lights up across the streets.

It has been said that once you have reached 40 you are starting the dangerous age, and whoever composed the report must have died at 39—for no most adults get into this period of time between that age and 50 or look beyond more than ever to what is ahead; some would say that having reached or passed forty that you are in the prime of your life, and that you enter off in enjoyment of the more active years but from where we stand here, and if the don't have it, the don't have it, and if the don't have it, the don't have it.

Every decade seems to bring new measures to those growing older and you look to your children who are complaining "What can I do now."

Past forty you look ahead and that the way is ahead that the way you come but give it no more thought. And being on the crest of the hill you can look back and say "What a wonderful how I have."

It is satisfying, this growing older.

If the job is too easy, anybody can do it.

WHAT GOES WITH VACANT LOTS?

Over the period of the past few years vacant lots have been demolished, some burned and some where once stood a building which perhaps even was an eye-sore. It has been good that progress has been made in the clearing of these lots. There are some buildings however, that for the sake of visual history we better will ever 3 years from now be maintained. Never again will we, or those who can inherit be able to see such fine craftsmanship as there is in the old frame buildings.

Hours went into building these things today we build with different design, incorporating the design into the whole structure.

We would hope that some of the vacant lots would one day soon be designed for building for the town could use some nice new structures housing various types of business.

What's that eye Newman talking about. Look at that old wreck in the front on main street! Sure, and one day we would hope to have a new building beside it no more into.

I believe in reason, not because of the wisdom that men have demonstrated in the past, but because of the wisdom that I have for governing myself. It is not mere chance that wherever society is found, there is a law of reason. It is not mere chance that wherever society is found, there is a law of reason. It is not mere chance that wherever society is found, there is a law of reason.

With the Christmas season only the matter of weeks away the addition of early decorations in keeps with the spirit of the season would add much to the gaiety and cheer of the weeks that are left. Psychologically it would start the spirit of Christmas in the air.

Over the years Bashaw business, with all residences have given time and effort to a Christmas and one of the celebrations that you must come to in that it is because of their sense of humor would never let this happen.

A plan now implemented the first part of December would most welcome.

YE EDITOR'S PAGE

THE EDUCATIONAL PICTURE IS BRIGHT

The picture of the last few years most ratee have requested the fact that education is the best way for collecting on tax and also it might every place but about it better stand out as a better standard that education of all kinds will cost more.

Central Alberta grows appear to be facing the problem first, (perhaps) as a result of the

very large centres who can draw hundreds more students at a comparatively low cost. A good standard of higher learning is preferred.

Regional high schools without elaboration, would largely provide working area for many good students. And if learning is the object of the student, wars and means can be worked out to see that he or she gets farther in his field. Let's keep the costs relative to the areas which are served and do some innovation if necessary for classes. We've had much already and if both taxpayers and teachers would realize we are teachers and leading young people, some of whom have desire, some who do not, and many who will become great by virtue of their own initiative, then all we have to realize is that our population is rural as far as their population is concerned.

If we are getting personal values ahead of our real learning and teaching capacities then we will only expect that we will never be satisfied till we have elaborate and costly plans to do the job in.

Rural people are asking that there be a standard of education, through high school, that limits need not be elaborate, and that if this is developed they might even be ready to pay slightly more for the education which has been made available to them.

It is no easy road to learning, nor an easy road for those who must learn.

Boundaries in education are still in flux.

TABLE DECORATIONS

Table decorations are an essential part of the holiday season. The best table decorations are those that are simple, elegant, and easy to make. Here are some ideas for your table decorations:

- 1. Use white decorations on a dark background.
- 2. Use red decorations on a white background.
- 3. Use green decorations on a white background.
- 4. Use gold decorations on a white background.
- 5. Use silver decorations on a white background.

Choose Your Business Gift With Care

Probably the hardest gift to choose during the holiday season is the business gift. It must be useful, practical, and of good quality. Here are some ideas for business gifts:

- 1. A desk calendar.
- 2. A desk set.
- 3. A desk clock.
- 4. A desk lamp.
- 5. A desk organizer.

GLAD TIDINGS

Let every happy child...
Christmas is a time of joy and happiness for all. It is a time when we give to others and receive in return. Here are some ideas for Christmas gifts:

- 1. A book.
- 2. A toy.
- 3. A game.
- 4. A puzzle.
- 5. A drawing.

EDITOR'S PAGE

**CHARITY STILL MEANS
CLARIFICATION**

Despite all of the sermons that have been preached and the explanations being there is always with a trace of shame to charity, as we interpret it today. Somehow we associate it with poverty with relief, with giving something to somebody who has need. It is not so. It is the original and true meaning of the word. It is the desire to do good for the good of the people. It is the desire to do good for the good of the people. It is the desire to do good for the good of the people.

TO STAND AND LOOK BACK

As the year 1964 closes we all have a tendency to stand and look back over the year, to assess just what we may or may not have accomplished for ourselves, our business, our church, and our community.

WE HAVE A FLAG NOW

1964 will be remembered as the year of the flag debate. It is the year we adopted a distinctive national flag for Canada.

THE JAP ORANGE

Whenever Christmas season rolls around the kids ask the first question: "Are the Jap oranges in yet?" This usually heralds the time when kids eat more oranges than they do any other fruit.

THOSE WE MUST THANK

In the course of a year one has many contacts in business, and in the year closes the realization of how down on one's thinking. To the merchants and business people of Bashaw, Mirror and Alix for their fine support we give our thanks.

Mr. and Mrs. Thos. Smart and the members of the family, and friends, Mr. Arnold, brother from Chicago, Alberta, as guests over the week end.

In Memoriam

In Loving Memory of Lorne Marie Dick
Often a lovely heartache,
Many a silent tear,
Shed for a darling daughter,
Gone for two long years,
But surrounded by wonderful memories,
Of the very best moments
years

Sadly missed by
Mom and Dad
Dear Sister, There is someone who missed you dearly,
And finds the time long since you
gone.
Life has never been the same,
We miss your laughter and
smile.
We cannot forget your smiling face,
Your happy cheerful ways,
The smile that was in many friends
eyes.
Your cheerful happy days,
Your cheerful sunny days,
One of the best of the world
could hold.
We miss your love and
kindness.
Lan, Gordon, Ken and Colleen.

ARDA Spending to be Increased

Significant realignment on emphasis to resources planning is the essential ingredient for successful development of the Agricultural Rehabilitation and Development Act. This was indicated by Mr. A. Davidson, Director of ARDA, in his address to a meeting of 150 delegates of the Regional Branch of the association held in Edmonton last night.

Mr. Davidson provided the keynote speech for an agricultural workshop called to explore the implications of rapid economic and technological changes currently affecting the agricultural industry. There are currently two new projects under the act which have caused this change. The first is the new act which provides for the development of new lands in the north. The second is the new act which provides for the development of new lands in the south.

Mr. Davidson stated that the new act will provide for the development of new lands in the north. He stated that the new act will provide for the development of new lands in the south. He stated that the new act will provide for the development of new lands in the north.

WHAT A DEED WHAT A LIFE!

Paralleling the words that Sir Winston Churchill spoke: "If I had lived to be 100, it would still be his finest hour," for now more than ever before the unwearied and thoughtful judgment which he displayed in all conditions, though best be seen in the perspective of the world perspective, through all life he had the happy faculty of being able to place each man in a particular role, and to share his own and other phases of the world each individual to become an individual not for himself, but for the country which he chose for his life. He was eventually to be deared by the people of this continent and other parts of the world as he was in his homeland.

He became a symbol of victory and a tower of strength to all the peoples of the world during the year of the Second World War and his judgment and perception have even now been handed to our other generation.

Wise, and truly he has been a great man. The fact of our life-time we may never see another like him. He came down to the level of the humblest terms, believing that even that person had something to offer for his country in a time of need.

A great thinking man, he has passed on much for us to ponder and act upon. We will remember.

Wise, and truly he has been a great man. The fact of our life-time we may never see another like him. He came down to the level of the humblest terms, believing that even that person had something to offer for his country in a time of need.

THE BOREWORMS AND FLIES

At every opportunity, birthday, Christmas, Father's Day, or any occasion that might be remembered, it is suggested that father should have a new hammer, pliers, or screw driver. (This may be certain jobs done that he had room around the house).

It is much more conceivable that he had the tools used he felt wanted to do the job.

We don't know what prompts some men to purchase a pair of pliers and screw driver of various course it is that they know that the money little household job will get done without a word, and the little pliers and screw driver will always be right.

When we are being given a line in the wife having her own hammer, saw, pliers and screw driver and keeping your tools locked in the cabinet, where neither thieves can steal nor run corrupt.

Hospital Ladies Prompt Much Work to be done

The annual General meeting of the Baahaw Hospital Auxiliary was held Tuesday, 30th of January, 1939, in the cosy atmosphere of Mrs. Jennie White's home as the weather was rather cold. The November meeting was cancelled as only five members turned up and there was no meeting in December, as it was such a busy and

The meeting opened by saying the Prayer and the Pledge and the President welcomed everyone to the meeting.

The minutes of the last meeting were read and adopted as read. In the business arising from the minutes it was found that the travelling apron was to hand and Nellie Pearson was thanked.

She believed the stamps in the booklet at the hospital had been sold but she knew

in the form of a cup, spoon and fork to the baby of Mrs. June Wright of Donaldson and the cost was \$8.00.

The Treasurer's report was read showing a balance of \$23.38 which amount included the debit of \$5.00 for the New Year Baby Gift and credit of

The Treasurer said that she had just been handed \$37.75 from the sale of gumdrops and a further \$2.00 is owed her

There were several bills to amend which were voted to be laid on motion by Miriam

Mrs. Judith Fagan gave the wiring Commission report when she said that five baby sets had been sold at \$2.95 each five

\$2.00 each and eleven pairs of boots at \$3.00 each giving total of \$37.75. Her bills for food amounted to \$7.00. Judith said that there are about five

and that she feels the price
ask for the sets is satis-

Mr. and Mrs. Alan Richards, Rev. and Mrs. Alan Richards and family of Sundre were the new visitors Saturday last.

At the annual meeting of the Barbours point of the Barbours United church held last Sunday following a pot luck dinner, the congregation approved a motion to set up a memorial building fund.

Mrs. J. G. Pearson reports on the UCW who had 31 members; and had raised and used a goodly portion of over \$1200.

The Board of Stewards reported on the maintenance work done last year but felt that the financial picture of the church

12 members were received by confirmation gathering and 10 transfer during the year.

named by the board of stewards to that body replacing L. Mackleby and L. Dentle whose terms expired in 1985.

DONALDA Many Memorials Testify to G. Riske Estem

At a recent meeting, the Donalda Curling Club decided to hold an Open Ladies' Tournament in the month of February 1965. They wish it to be known that any lady anywhere in the district will be welcome to curl in this event and can leave her name with the Donalda Curling Club, P.O. Box 402, Donalda, Alberta.

The Donalda ladies will be playing the regular curling members. The 150 members will be playing a team of 10 in each of the two divisions. The winners of each division will be crowned champions. A prize of \$100.00 will be given to the winner of each division. A trophy will be given to the winner of each division. A trophy will be given to the winner of each division.

The newly elected executive is as follows:

President: Mrs. Ray Schuchman
Vice President: Mrs. John Schuchman
Secretary: Mrs. John Schuchman
Treasurer: Mrs. John Schuchman

There was an excellent response to the event and the Donalda Curling Club is looking forward to a successful year.

YE EDITOR'S PAGE

LET THE CONJUNCTIONS

With winter still very much in evidence, and a continuing blocking in of roads and piling up of winter's coat of snow, most of us are looking intently to the regional and weather forecasts, partly because of how much snow we will have to shovel, partly because of school hours partly because of our business. Invariably, however the past few weeks the forecast has been for rain or snow, or a little of both. And our old friends justing to 25 miles per hour.

Most of us expect more snow when the forecast is "rain" or a "chance for snow" (which means warmer, but to be cut by convection and wind, or AND. Older always cuts at the understanding and makes most of us give up in disgust.

We can face the interminable fall of snow, or just plain "the same" but when they start adding the conjunctions "and" it gets a little more accurate than most of us care about.

THE ANNUAL MEETING

The annual meeting of the Town of Bashaw is scheduled for Feb. 22, the same as all annual meetings of all towns and villages in Alberta. This year's statement will be printed in next week's Star and rate payers and all interested should be on hand Feb. 22nd. The questions and comments for that meeting. It is important that a good group should assemble and be prepared to hear and question the facts that are presented from each department. Since last October the town has been with six councillors and there has been a number of pattern changes developing in the operation of town affairs. Your opinions, as ratepayers and interested parties, are wanted to give direction to, and thanks as well as comment for, the policies which are now being developed.

Be there, Feb. 22.

Successful banking begins with a savings account

Like almost everyone else, you use your local chartered bank as a safe and handy place to hold the savings reserve that is so important to your financial future. In doing so, you do more than build a solid foundation for financial plans. You are building a valuable banking relationship and helping to establish your credit. And as you get to know the manager and staff—as you use other banking services to meet personal or business needs—your banking contacts become even more useful to you. And it all starts with a savings account!

THE CHARTERED BANKS SERVING YOUR COMMUNITY

Through 3,650 branches, all across Canada, the chartered banks are bringing banking within the reach of everyone.

THE LONG LOOK

Due to the long storm last week, it was not possible for the Battle River Planning Commission to get together with town officials, and discuss a plan of procedure for the town and area with a perspective for 20 years ahead.

It is possible that the meeting, to look over details will be held sometime this week, that of this kind of gathering may come some worthwhile thoughts and ideas, which can be acted upon with vigor and enthusiasm. Involving them are personally attainable within the scope of years of the plan, it will be interesting to have the most vital.

THE BOVINE'S BUDGET

Within a few weeks the annual budget for the Province of Alberta will be coming down and all real property owners will be wondering just what solutions are being offered for the relief of the educational tax, which now has become the major item in all municipal taxes.

In spite of the fact that we are one of the few provinces in Canada without a sales tax, we would not, at this time, believe that it would be the educational tax, whatever measures will be taken to alleviate the educational tax, which may be guesswork, but we do not believe that many could have much objection to having more levy on the luxury items of liquor and cigarettes. We have to wait and see but we'll bet no sales tax.

WITH ENIGMA

It was with regret the resignation of Mr. Heston was accepted, but his resignation for next year will be less heavy and so he'll be the leadership of our church will need more than he could give.

VOCATIONAL PLAN GRADE XI AND XII STUDENTS HOW UNDER STUDY

A study of the vocational plans of Grade XI and XII students in the Battle River Planning Commission to get together with town officials, and discuss a plan of procedure for the town and area with a perspective for 20 years ahead.

CO-OP

Watch every week for Bargains! Tube Tomatoes, pkg. 25c Bananas, 5 lbs. 95c Reg. grind Harmonie Strawberry Jam 48 oz. - 89c omo, King size - 1.29 Co-op, Ketchup, 2 for 39c 11 oz. size

The Honorable J. E. Stoen is a member of the Royal Society of Health. He has been active in voluntary work and is a member of many committees dealing with agricultural problems.

Ellice

Many in this community were saddened by the recent accidental death of Ellice Stoen. She had spent a number of years in the city where she had met her husband, Mr. Stoen, and they had three children, Gerald, David and Ellice. Ellice was a very kind and gentle person who was loved by all who knew her.

Mr. George Stoen, Ellice's husband, is now in the hospital. He is recovering from his injuries and is expected to be home in a few days. The family is grateful for the many expressions of sympathy and support they have received.

Funeral services will be held at the Bashaw Baptist Church on Friday, February 13, at 2:00 p.m. The Rev. J. E. Stoen will officiate. Burial will be in the Bashaw cemetery.

Mirror

On Saturday, January 31, Mrs. J. E. Stoen was in the hospital. She was recovering from her injuries and was expected to be home in a few days. The family is grateful for the many expressions of sympathy and support they have received.

JOHNSON'S

St. Monica's Angels church in Pelly was the scene of a lovely wedding on January 15, 1964. The bride was Miss Mary Thompson, daughter of Mr. and Mrs. Victor Thompson, and the groom was Mr. Victor Thompson. The ceremony was officiated by Rev. Fr. Knyazev.

The bride was wearing a beautiful white gown and the groom was in a dark suit. The wedding party included several bridesmaids and flower girls.

The reception was held at the home of the bride's parents. There was a large crowd of guests and the celebration was a great success.

Carol Miller, and Leonard Sorum exchange vows

MANFRED PITA GETT
TALKING WITH STORIES
The wedding ceremony of Carol Miller and Leonard Sorum took place at the Church of the Holy Spirit in the town of Merridale, Alberta, on February 27, 1965. There were 15 guests present. The bride was wearing a white gown and the groom was wearing a tuxedo. The ceremony was officiated by Rev. J. J. Woot.

IN MEMORIAM
RUSSELL J. In loving memory of our dear friend, Russell J. who passed away on March 10, 1964. He was a kind and gentle man, always ready to help others. He is missed by all who knew him. Funeral services were held on March 12, 1964, at the Church of the Holy Spirit.

A lovely wedding was celebrated in the Bashaw United Church on March 10, 1965, at 2:30 p.m. when Miss Anna Lee Miller, second oldest daughter of Mr. and Mrs. John Miller, married Mr. Leonard Sorum, only son of Mr. and Mrs. John Sorum. The bride was wearing a white gown and the groom was wearing a tuxedo. The ceremony was officiated by Rev. J. J. Woot.

The bride and groom were accompanied by their parents and other relatives. The reception was held at the home of the bride's parents. There was a large gathering of friends and family members. The bride and groom were very happy and enjoyed the celebration.

The bride and groom were accompanied by their parents and other relatives. The reception was held at the home of the bride's parents. There was a large gathering of friends and family members. The bride and groom were very happy and enjoyed the celebration.

Donalds Mark 10th Succesful Klondike

Klondike celebrated its 10th Anniversary Friday night and Saturday night Feb. 20 and 21.

The crowd Friday night was just as big as ever, but Saturday night's crowd was estimated by the same source that attended last Saturday night to be the largest in the history of the Klondike. The crowd was estimated to be over 1000. The Klondike was a very successful event and the Klondike was a very successful event.

There was a good crowd of people at the Klondike, and the Klondike was a very successful event.

Champion board on Friday night was won by Marvin E. Smith.

Many ladies came dressed in the latest in fashion, and the Klondike was a very successful event.

Winners of cash prizes on Friday night were: Marvin E. Smith, first; John J. Smith, second; and John J. Smith, third.

Best original costume of the Klondike was Mrs. John J. Smith.

Best costume of the Klondike was Mrs. John J. Smith.

Friday night game was won by Marvin E. Smith.

THE EDUCATION PICTURE STARTS TO MOVE

The education picture as far as it affects the local school system is in a state of transition. The group who attended the annual meeting recently indicates that within a reasonable time the committee will have the plan and situation here and try and make new progress. When this is being done it will be well for the committee standing it to have views of the involved situation served, as doing by the Battle River Planning Commission which showed that the recent extension in population in Battle River was greatly influenced by the moving in of country business and families. This in turn directly reflects on the school problem. In addition our study of the school situation will show the influence of the recent plan in relation to today's requirements for curriculum.

As to the taxpayers and Mr. Rudy Magnusson, secretary of the County will be addressing the Board of School this week on The Tax Debt and answering questions in relation to the disbursements and receipts of the school tax dollar.

Here is a chance to get first hand information and learn of the methods of operation of the school committee financially.

IF YOU ARE HAPPY WITH WHERE YOU LIVE YOU WILL WANT TO IMPROVE IT

Less than four years ago there was hardly any development in the new subdivisions, and with the possibility of another boom on the edge of the north side of town, we wonder just how all

this could come to pass. It is because the people who decided to build chose the area, and within another two years it is to be seen that all jobs will be spoken for or anticipated. Other people are happy living here. This is because the town and its vicinity are of the town and they appear to be happy that they are here.

To continue to have this kind of feeling means that the town as a whole must continue to improve, even if slowly, so that those not contemplating building here will also feel that it is the place they wanted to build.

A new extension must be encouraged and new business tried to up to the retail volume of business of all kinds in our town and community. Within the last year we have missed the tally and verge that should be part of every business. It can be here, if we will not let ourselves be taken over by the ready to plan of a trade promotion or other that we get out of the doldrums and on to victory.

OUT GO THE TIES

In recent years we have been wearing these string neckties, and hence on our ties are the neckties of the ties that belonged to a former era. They are pretty and in some cases, they are still new looking as if all men's ties are going to wear the half inch wide tie. So, with tears of remorse we will have to sort out the cranks, and the neckties that will have to go the way of many old cranks.

A FIRST HAND INFO

MATION PLACE

Nearly everyone in the past 2 years has been most concerned with the problems of a growing and moving Africa and Thursday night of this week people will be given the opportunity first hand to meet and talk with a man and his wife who are direct from Africa, in the work of the church and the school. His interpretation of the life of the church and the school and the social feeling of the African people towards the outside world will be much to offer those who will be gathered. Both the Rev. and his wife are ordained and as such have a close knowledge of the sociological conditions in Africa.

Do you want to hear first hand? Then be there Thursday night.

THE BUTKERS, THE BAKERS THE CANDLES STICK MAKERS

In the course of the past 100 years, Canada like most other countries has emerged from a society which was owned and controlled by a large part by aristocracy and wealthy people and the baker, the candle stick maker and all the other good first class middle class of workers merely worked for a boss. Today that has all changed and many small business for himself-the worker in the store, the farmer (and good ones) that are taught after, and serve to the communities in which they live.

The butcher and the baker and the candle stick maker, the main of the companies of the nation and their role is changing. They have become the people, if they wanted to, could be a number, for they are far greater in number and their roots know how they may change there, along with John O. Farmer are the bar of a few others society.

AN ELECTION IN JUNE?

It was disappointing to see the small turnout interested in Bashaw school matters last week when Rudy Nienke of the County did more than give an address. His charts of growth, school enrollment and other figures were most revealing.

With rumors and even some betting on election in June, one might guess that it would happen. But, we along with a number of

others are not convinced that such an event would solve the matter of a university government. People are reluctant much more confused than in their thinking and a serious register it this way, he is likely to be wrong, after a couple of millions.

Do you think it will solve the business of the nation and the church with a record of what done would be more to the point of most voters.

ITS GARDEN PLANNING

TUNE AGAIN

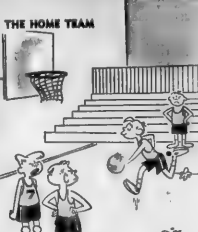

With having a matter of about two showrooms away, and merchants getting out their seeds will be little time before farmers will be buying, people will be out with spade and hoe and there will be a bumper year to the north of us to think of the annual flower show when you plant, and plan on being a participant this year. The growing of a garden is the growing of a new's soul and time spent there, no matter what the harvest, is always satisfying and rewarding. Let your seeds now. Before you know it they will be all tucked away.

GIVE US A CRANSE

This standard for all the provinces and territories is recommended by the Vital Statistics Council of Canada last week. The Council, a body composed of the vital statistics officers of the provinces and territories, has recommended that the vital statistics of the provinces and territories be made uniform. This is a very important step in the development of a national vital statistics system, which is essential for the proper planning and development of the country.

As it is now, the vital statistics of the provinces and territories are not uniform. This makes it difficult to compare the statistics of one province with those of another. It also makes it difficult to compare the statistics of the provinces and territories with those of the United States and other countries.

It was disappointing to see the small turnout interested in Bashaw school matters last week when Rudy Nienke of the County did more than give an address. His charts of growth, school enrollment and other figures were most revealing.

"The only thing he's got in his team-mate's all under the skin"

VITAL STATISTICS FIVE

ALL IN CANADIAN PROVINCES

An important first step to have a standard for all the provinces and territories is recommended by the Vital Statistics Council of Canada last week. The Council, a body composed of the vital statistics officers of the provinces and territories, has recommended that the vital statistics of the provinces and territories be made uniform. This is a very important step in the development of a national vital statistics system, which is essential for the proper planning and development of the country.

YE EDITOR'S PAGE

IT'S HARD ON MOST OF US

The winter this year has been a long and trying one and because of its length and severity, it has been hard on humans as well as the livestock.

Respiratory infections in both old and young alike have been numerous and dangerous, and if we were not living in 1965 the mortality might have been much worse.

Any kind of exertion this winter beyond normal work has laid inroads on persons. All because it has been a "hard" winter.

The weather this winter gives us just a clue as to how civilization would have to prepare to meet conditions like this that would exist over a decade or longer, as is the case in settled areas in places as Siberia. Think goodness we do have a respite for a few years before becoming blocked in with such severity.

FROM CURVING TO GOLF

When the present cold weather and snow disintegrate rapidly in the next week or so, the golfers will not be preparing for another season on the fairways.

This year from almost late October to April we have had the enjoyment of curling and, if all went well, signs are promisingly accurate we can hope for golfing from May to September. Curling and golf, the two major group sports for summer and winter are capturing the fancy of youngsters and adults and each in its own way will satisfy most sports enthusiasts.

Here's to a successful wind up of the season's game and a hail and welcome to the outdoors as golfers plan for the coming season.

AT LEAST ONE REASON

If there is any good reason for sweetest being sold in Canada then last week that reason was notified in that Jack Parry, well known here, and now owner of the Stanley Record, won \$20,000.

If it couldn't happen here, then the choice it landed on is well pleasing to most of the residents of this district who know Jack.

He has worked hard and thoroughly to establish his business, he has taken care of his family, and in spite of the fact he is a weekly publisher, we know of no blows or incidents in which he has been involved that reflected

badly. The fact that there is hope for the weekly publisher in this driving of sweetest, will no doubt be a factor in more interest in the publishers. We know of no trade or business who can more justly use the cash. And he is planning wisely for use of his extra money. Certainly he will know Jack. We can guess that not likely invest it in any more years of service to the fourth estate. He has learned that wealthy publishers earned the wealth with purchases of race horses, sweepstakes tickets and top all investments. Our congratulations.

LIBRARIES AND SCHOOLS

With the curriculum, particularly of our high schools, requiring more knowledge and a better grasp on the part of both teacher and student in research, the need that is being expressed for more attention to school libraries is not surprising. It would seem that some sort of a solution could be envisaged.

Presently the community and school libraries are operating on a dollar matched basis for new books published. School libraries are on a grant system per room or per student. Community libraries are on a grant system per room or per student. Both purposes at once, and give better use of all material to both students and the public, would seem to be a reasonable answer. Under the present system of libraries and their related services of audio visual aids and films they can and should be a vital factor in improving and adding our education and the time will come soon when we will recognize this need as a functional part of every school.

Properly integrated, the present facilities and grant structure, along with the school's library plan, properly implemented and used could serve well, both the student and the reading public.

Both would benefit, and education would have another arm to successfully assist in improving the future in the curriculum.

There are myriads of wild shrubs and trees in the district which can be moved and domesticated in homes in town and the farm, and for a little work one can be sure that a mass of foliage and bloom will transpire.

There are myriads of wild shrubs and trees in the district which can be moved and domesticated in homes in town and the farm, and for a little work one can be sure that a mass of foliage and bloom will transpire.

Rocking Bay

Maxine Govee was the hostess at the luncheon at the Rocking Bay Club meeting and there were 25 members and two visitors that gathered to prove her by Alma was present. The meeting was the President and then the guests to the luncheon at Rocking Bay. It was decided to send out some donations to the Red Cross campaign and Edith reported that the Red Cross was glad she had sent for had not yet arrived.

Those wanting went on to help it up at her home, and it will have to be turned back at the luncheon meeting. The Red Cross made it made it to be raffled and had among the club members sold tickets at \$2. each.

The visiting nurse to be drawn in May. Peggy invited her members and their husbands to a dance which was to be held at Angus Drive on May 1st to help Red Cross and Max celebrate their 25th wedding anniversary. For entertainment some members played "It's Your Move" which caused some amusement. The luncheon rally was won by Edith and the next week.

MOORE LEADS MOTHERS

Agate this year the Bashaw
 Loyalty Order of Mothers are
 sponsoring Mother's Day pri-
 zes in the hall and are an-
 nouncing that as many mothers
 as possible should be present
 at the community program, at
 Friday evening to set the
 pace and approved the plan
 that all mothers can be re-
 ceived for the coming year.
 Mothers will be given a prize
 for the money at this time.

Enquiry Made for Business Area in town

At a large and busy meeting
 of the Bashaw town council on
 Monday evening, a file was
 made of the business of the
 council. The council was able to
 get the business of the council
 and approved the plan that
 all mothers can be received for
 the coming year. The council
 was able to get the business of
 the council and approved the
 plan that all mothers can be
 received for the coming year.

YE EDITOR'S PAGE

THANK GOODNESS FOR SOME

It is gratifying, and certainly encouraging to see other people taking an interest in the work of the various types of youth organizations within our community. Some of the various committees feel that if the boys are taken care of, then everything seems to be alright. As a matter of fact both the Osh and Scout organizations could use additional leaders at anytime for as the boys grow older in the troop more work is required on the part of the leaders. But when we think of leadership, we often forget that for a group to be a group there is a girl in every group who would like to be a group leader.

Just as important is the proper kind of activity and leadership for the girls and in Bashaw we have been most fortunate in having over the years both G.O.T. and Explorer leaders who have given much time and effort to this job. Just a few short weeks ago we published an article asking for a coach for the girls' basketball team. From the looks of the girls' basketball team, it would appear that coaches have come forward, for which this community is most thankful. We need to pay more attention to leadership for all ages and groups of young people; although educators and other child psychologists are and have been saying the boys must exert the influence for good on the child; in the field of activity in which we live, with many cases mothers working, and responsibilities divided into various charitable functions in the community the boys have not had a very good example.

BASHAW BOOSTER BIDDING DAYS

By the time this page is in the mail you will have received another flyer from the Bashaw and District Chamber of Commerce which points up especially the Bashaw Booster Bidding Days here in the town. The flyer will be one or two with special coupon worth much to trade. Watch for them and make your claim. This promotion came about as a result of the many flyers which were flooding in here and the Chamber felt we had a story to tell about our own community. It is not complete but does give some salient facts to the area. It is in Bashaw adopting these special flyers from Saturday to Wednesday. You can't lose and may make more than you dreamed of.

TAX NOTICES ARE OUT

This week the Town of Bashaw Tax notices go into the mail showing \$4 million as the basis of levy. Reading the publications of other areas we find that in almost all places taxes have advanced and in many cases this has been the result of increased educational levy by official bodies concerned. Serious and thoughtful thought must be given to the educational picture to determine where and how this can be held without this interruption of the programming. This is one fine field where intense community spirit be made and action taken.

Our thanks anyway to the group who are helping to provide this leadership. It will be in years to come.

Alix News

Glad to hear that Mr. Alix has been made by the Lady Elinor's committee. We need to pay more attention to leadership for all ages and groups of young people; although educators and other child psychologists are and have been saying the boys must exert the influence for good on the child; in the field of activity in which we live, with many cases mothers working, and responsibilities divided into various charitable functions in the community the boys have not had a very good example.

The Bashaw Star

Member paper of C.W.N.A. and A.W.N.A.

YE EDITOR'S PAGE

BEST PROPOSITS

Among the many things that the Bashaw WI has been and is responsible for, none brings more real joy and satisfaction than the flower shows and the annual flower show.

Now that gardeners are again practicing their craft, it is well to keep in mind a date in August for the showing of the various blooms and vegetables in your garden and make the maturity until that date. No one knows really how rich the district is in flowers and truck gardens, and the display each year amply provides proof of this. Remember the WI and the flower show as well as the better yards and gardens contest.

GROWING YAPPER

This year with the abundance of good rain, the grass areas of the town, apart from the householders property are making intense growth in spite of the absence of too much warm weather. As a result, hundreds of daffodils and various areas are going to be a month ahead of other years.

This will necessitate an early cutting and maintaining program and it is hoped that it will be decided soon.

Consolidation must be given to Council for getting the new travel graded and in place; everyone hopes that the new travel road project will have better results than former ones.

NEW BOOKS - NEW IN-TERESTS IN READING

The Bashaw Library which is

one of the finest of its size anywhere has a number of new publications and three should be enjoyed by the many who do or should belong to the library.

A community can be much better off with a reading people and with little facilities open to them. The Bashaw library has been here for better and should be the library grows, so grows the grounds. For instance, the third stage of the library now, (Choose the best books to read and have a whole two weeks in road them.)

Your library, your information, Support it.

QUESTIONS? QUESTIONS?

No one here pretends to be a mass physician, and now that the community are safely back from the Gemini IV "critical flight" in space there are a few questions that average Joe is asking. For instance, the third stage booster of the rocket which propelled the lunar space was reported to be on a decaying orbit during the flight. How does it look into a decaying orbit, if it was to be controlled by Gemini group; why did not Gemini also go into a decaying orbit? How did the command crew avoid the third stage? Did they not get rid of the extra stage? If not, how much effort did this have on the work of the community in the vehicle. There are similar questions that lay people want to know. Can they be answered simply?

Bashaw Briefs

Mrs. Dale Davis and Edwina spent a day or two with Mrs. M. D. Dwyer leaving by plane for their home in St. Mary's, Utah. She has been reported to be in good health.

Mrs. Rita Soper of Edwina is employed at J. J. Jones's Men's Wear for several weeks to have been accounting work.

Mrs. and Mr. C. M. Dwyer left Friday for their home in St. Mary's, Utah. They have been reported to be in good health.

Mrs. Brian Anderson and son of Edwina are visitors at the home of Mrs. R. W. Foster. R. W. Foster and Albert Foster attended the first club sale at the home.

Edith Jonson Leaves on Trip To Europe

[illegible][illegible]

Nagler Llewellyn has just on a motor trip to Alaska. He had just purchased a new, very comfortable motor car, and was on his way to Alaska to spend a few days at the home of his sister, Mrs. J. M. Peterson.

Johnny Peterson is home from Edmonton and is on holidays. Mr. and Mrs. Hanning Peterson, of Edmonton, are on their way from Edmonton for the week end. Mr. and Mrs. Peterson left for the week end on Monday night, where Mrs. Peterson is taking therapy treatments, including a course of X-ray treatment.

The Rev. Robinson of Red Deer, and Ken Bergstrom of Camrose, spent the long week end in Edmonton. Mr. and Mrs. Alex. Bergstrom.

Miss Barbara Lohdy of Edmonton, the fiancée of Bobby Lohdy, who is recovering from a fall at St. Mary's hospital, Bobby and his brother Johnny, bringing her home from the hospital on Sunday.

The brothers returned to Edmonton last night.

Mr. and Mrs. Peterson suffered a pain ful injury when the aluminum door was slammed on his finger. The finger was so badly injured that it was taken to Red Deer for X-ray treatment.

The Girl's choir conducted by

enjoy family banking service:

Royal's professional help and services are available to family as a group — or to each member individually and practically aids, such as: how to make best use of your money; save; live cost (10¢-a-check) bill-paying; Personal Cheques Accounts; how to save money; by borrowing the Royal termplan way; Safe Deposit Boxes; your Money orders; Travelers Cheques, etc. If credits available, use all your Royal Bank services.

School

The first achievement day at the Edberg 4th best club was held June 3 at the Billings club arena and sports complex. There were 18 members at the event and 14 calves were judged. The first prize was won by a yearling female calf named Fred Winter, and the assistant leader Stewart Stewart Pettin.

Judge for the day was Dr. Williams of Ponoka and Dr. Smith, D. of Calgary. The various classes of calves had been chosen.

He commented on the appearance of the calves, the showing of the calves, the quality and good and bad of the calves and the quality of the calves.

Golf Note

Control section. Mrs. Ma. Lovella Scholtz, Leonard Johnson, Lloyd Froehner, Don Sundset attended the men's open golf tournament which was held May 31. Mrs. Lovella Scholtz was the winner.

FINNISH PARTY FOR CARL JENSEN WHO DIED ON DENMARK VISIT

A farewell party for Carl Jensen was staged at the home of his friends and family. The ladies and children of the family were present. The party was held at the home of Mrs. Jensen, who was the hostess. The party was a very successful one and the guests enjoyed themselves very much.

Jack Schneider, May Wain and Annie Smith accompanied Carl Jensen to the International airport last Wednesday to see Carl off on his flight to Canada. Carl was very happy to see his friends and family.

The Bashaw Star

Member paper of C.W.N.A. and A.W.N.A.

YE EDITOR'S PAGE

A START ON INVESTMENT

It may be a surprise to many larger business firms for them to realize that Bashaw is the headquarters of two potential operating finance companies. Many large towns cannot boast of one.

This week one of them held their annual meeting here and making but good growth was indicated. Both are operating well within the structure of the regulations that govern them. Both had the original start here and both maintain head office service.

That such a "silver" town as Bashaw (Edmonton Journal quotation) should be able to uphold and maintain service cannot be the exception in the lack of many places.

We are hopeful and trustful that both will continue to expand their business, and maintain the level of their communities here. It is gratifying to see the part that they play in Bashaw, and anything that will enable them to expand, and can be done by this community should be done, — for they are truly and strictly Bashaw born.

THE CLINIC SHOWS THE NEED FOR VIOLENCE

Although effort was made previously to get the entire adult population of Bashaw and district out for the T.B. X-ray and test, it is not until last week only about 60% of those contacted showed up. In this country where violence is so prevalent, before the T.B. conversion of the saying "What ate we going to do about it?" — and everyone would

be keen on getting preventive checks for the sake of themselves as well as others, that apparently we could care less whether we have the disease in our midst or not. It is a bad attitude and one that will sooner or later catch up with us. It is not wise and the incidence is higher than a few years ago. Keep watch and avail yourselves of preventive checks.

It is a wise and healthy thing to do for you, your family or your community.

THE CHANGING PAGE OF A COMMUNITY

With building going along on the area near the senior citizens' house, and most of the two new subdivisions full of houses, and the new property owners, the town of Bashaw will, in the next two years, have a completely changed picture.

Old timers coming back are amazed, and in some cases, we are sure doubtful of all this expansion, the amazing part of it appears to be that in spite of all the building, it is still difficult to get houses to rent, or unless or unless someone has moved in to take a job or create new ones.

The changing face indicates also a changing economy, and it is just possible that within five years more new people could be employed.

"We are going higher than ever before"

Gymkhana Winners at Bashaw Meet

The Bashaw Riding Association held their first annual meet on Sunday, June 27. This was open to all ages and an excellent day.

Many contestants from other areas were on the meet, including Allan, C. Leach, and others. The winners of the various events were as follows:

Barrel Race: 1st, Fred Walcott; 2nd, Allan, C. Leach; 3rd, Allan, C. Leach.

Steeple Chase: 1st, Allan, C. Leach; 2nd, Allan, C. Leach; 3rd, Allan, C. Leach.

Relay Race: 1st, Allan, C. Leach; 2nd, Allan, C. Leach; 3rd, Allan, C. Leach.

Relay Race: 1st, Allan, C. Leach; 2nd, Allan, C. Leach; 3rd, Allan, C. Leach.

Relay Race: 1st, Allan, C. Leach; 2nd, Allan, C. Leach; 3rd, Allan, C. Leach.

Friendship Circle Tea Maintains Popularity

MEXIA GLEN EAST NEWS—This was the seventh year of the Friendship Tea, and the ladies of St. Peter's Lutheran Church were again the hosts. The tea was held on Sunday, June 12th, at the home of Mrs. J. H. East, 100-10 Avenue, N.W. The tea was a great success, and the ladies of the church were again the hosts. The tea was held on Sunday, June 12th, at the home of Mrs. J. H. East, 100-10 Avenue, N.W. The tea was a great success, and the ladies of the church were again the hosts.

The ladies of St. Peter's (Lutheran) church were again the hosts. The tea was held on Sunday, June 12th, at the home of Mrs. J. H. East, 100-10 Avenue, N.W. The tea was a great success, and the ladies of the church were again the hosts.

Mrs. Herbert Schultz and his wife, Mrs. J. H. East, were the hosts. The tea was held on Sunday, June 12th, at the home of Mrs. J. H. East, 100-10 Avenue, N.W. The tea was a great success, and the ladies of the church were again the hosts.

Mrs. J. H. East, 100-10 Avenue, N.W., was the hostess. The tea was held on Sunday, June 12th, at the home of Mrs. J. H. East, 100-10 Avenue, N.W. The tea was a great success, and the ladies of the church were again the hosts.

The women enjoyed the shopping of "O Canada" followed by the Ladies' Prayer and Shopped in the St. Peter's Lutheran Church on Sunday, June 12th, 1966.

They had fun over Thursday morning and spent the afternoon and evening hours from 10:00 a.m. to 11:00 p.m. A slight rain fell during the evening but the women were able to get the coffee and tea. The ladies of St. Peter's Lutheran Church were again the hosts. The tea was held on Sunday, June 12th, at the home of Mrs. J. H. East, 100-10 Avenue, N.W. The tea was a great success, and the ladies of the church were again the hosts.

After Ladies Aid held a tea on Saturday, June 11th, at the home of Mrs. J. H. East, 100-10 Avenue, N.W. The tea was a great success, and the ladies of the church were again the hosts.

The Canada Pension Plan and its benefits

Here is what the Canada Pension Plan will do for people like Thor Anderson, a farmer who works for himself and makes \$4,000 a year.

This advertisement explains the benefits of the Canada Pension Plan for Thor Anderson, a farmer. It details how the plan provides a monthly pension of \$36.33 for him and his wife, and how it can be used to supplement their income. The text also mentions that the plan is a voluntary one and that Anderson has been contributing since 1961.

SCHOOL'S OPEN DRIVE WITH EXTRA CARE

ALIX CLAUDE, HAPPY BRIDE OF KENWORTH, REVERED IN COLUMBIAN, CELEBRATED IN BASHAW

In the immediate heart of the celebration, the bride and groom were joined in a beautiful ceremony at 4 p.m. on Sept. 1st. The bride, Alix Claude, was married to Mr. and Mrs. L. Claude of Bashaw, who were assisted by Rev. J. Y. Wood. The ceremony was a simple and beautiful one, with the bride wearing a white gown and the groom in a dark suit. The reception was held at the home of the bride's parents, Mr. and Mrs. L. Claude, and was a most enjoyable one. The bride and groom were surrounded by family and friends, and the evening was spent in a most pleasant manner.

Lamerton
On Sunday, Mrs. Murdoch's son, a pilot at the Centre, was married to Miss Lamerton. The ceremony was held at the Centre, and was a most beautiful one. The bride, Miss Lamerton, was married to Mr. Murdoch, who was a pilot at the Centre. The ceremony was held at the Centre, and was a most beautiful one. The bride and groom were surrounded by family and friends, and the evening was spent in a most pleasant manner.

DISASTROUS CHOICES REASON FOR WHISTLE STOP

Regardless of what politics a person may support, the fact that Ben, John Diefenbaker has chosen to step in Bashaw next Thursday should give some incentive for the citizens of town and country alike to be at the station between 10:30 and 10:45 that day. The fact that a man of some distinction in the life and history of Canada is coming here briefly is an honor that Bashaw perhaps didn't expect. The same accord that greets all persons of distinction in our town

should be given him. The same should be true for any one of the other national party leaders. Thursday morning at 10:45 that is HARVEST ABOUT OVER. Harvest in the immediate area is about over. Some of the outlying territory which suffered with moisture is going to have a time to get finished before the initial winter snows hit. Reflection of the harvest would indicate that we have been luckier than some, as lucky as most and can hardly say we have been in disaster area. Because of this we

ought to look with some regard to Thanksgiving season, and remember just how personal Thanksgiving can and should be. We only have to reflect on two thirds of the rest of the world and Canada. We have been spared war, famine, continuing drought, floods, earthquakes, and major catastrophes. Many we had wind it down into we have food, shelter, cars, trucks, TV, radio, refrigerators, dent fivers, houses for the aged, medical and hospital facilities, bingos, livestock, bingos, dances, theatre, feed and seed mills, and a host of things for anyone of which someone would give more than a year's living. Thank! I should say but are we well?

BLOCKING THE OULYERS
There are many jobs to be done at every home, and within every town before a winter sets in. With spring thaw, coming intermittently, when they do, the water has all our main culverts blocked with silt and mud to stop the drifting snow and ice filling them in. Then when spring comes much of the runoff could follow the natural drainage areas through culverts and it could be too much, before they would be thawed out enough to use.

The Canada Pension Plan and its benefits

Here is what the Canada Pension Plan will do for people like Esther May, a 50-year-old owner of a small store who makes \$5,900 a year.

If Esther continues to earn this amount from her business until age 65, she and her husband will receive a combined annual income of \$104.17 from the Plan and \$75 from Old Age Security—a total of \$179.17 a month. When her husband reaches 65, she will also be entitled to a lump sum payment of \$500.

Should Esther die sometime after 1967, her husband will be eligible to receive a monthly pension of \$104.17 a month until he reaches age 65. At that time, or if he is already 65 when Esther dies, his pension under the Plan will be \$157.90 a month plus \$75 a month Old Age Security. On the death of his wife, Mr. May will also be entitled to a lump sum payment of \$500.

Any benefits under the Plan will be adjusted to meet changes in living costs and in wage levels before they are paid and changes in living costs after they become payable.

What will the Plan cost you?

If, like Esther, you have self-employed earnings of \$5,900 a year, you will pay \$176.40 a year which is 3 per cent of \$5,900, the maximum amount upon which contributions are payable. Payment will be in installments in the same way you pay your income tax.

This advertisement is one of a series of leaflets issued by authority of the Minister of National Health and Welfare, Canada. The Honorable Judy LaMarsh.

A Women's Keep Fit group assembled in the United Church Social room on Wednesday evening and about 25 ladies spent a very pleasant 1-1/2 hours reviewing exercises of their own age. They plan to carry on this activity each Wednesday at 8:30 p.m. The group was organized by Mrs. Margaret Macdonald, who is the secretary of the group. She is also the secretary of the United Church Social room. The group is open to all women who are interested in keeping fit. The exercises are led by Mrs. Macdonald and Mrs. Mary Ann Macdonald. The group is open to all women who are interested in keeping fit. The exercises are led by Mrs. Macdonald and Mrs. Mary Ann Macdonald. THE LIONS CLUB

Whatever one may like to think of more organizations and how they have formed the Lions Club of Bashaw.

A favorite club has always been "We have to have many organizations now." We need to think this until one day a new service club came into the town in which we resided, and after 10 years ago it was now in "Hurry for the service club."

Meeting time came at a time of new hour and limiting the meeting to an hour or so seems to have accomplished many worthwhile community endeavors. Plans have been laid with a minimum starting membership of about 21 members have been responsible for many projects and are counted on to carry on in their community. Two there are many who in the service club which aimed to the young men and women who are so tied to federal organizations with work. We wish them every success and know that if they feel we need Lions Club here, then the future looks bright.

EDUCATION IN BASHAW

We were, as many were, happy to see the study of improvements for the old school here. And at the same time to realize that once this has been done with the new school here, determining what pattern future education will take in this area.

With new schools being built in the next end of Larocelle Point at Mirror and Alix, it would seem that that County has decided to look at the extreme end of the white. We think their ideas may be sound and believe that if Camrose County looks at its extreme, north and south, they would find a similar parallel.

Published at Bashaw, Alta. under the name of the Bashaw Star, by Post Office Order, 100,000, and for general circulation in the province of Alberta.

Editor and Publisher

DORENLEE

A recent overnight visit with Mrs. Doreen Lee, who was visiting from Edmonton, was very interesting. She was with her husband, Mr. Lee, who was also visiting from Edmonton. They were in the town of Bashaw, Alberta, and were very interested in the local community. Mrs. Lee was a very pleasant and friendly person, and she and her husband were very interested in the local community. They were in the town of Bashaw, Alberta, and were very interested in the local community.

IS THERE A CHALLENGE

We have heard it often, that those who attempt to do business in a small town, might just have easily, with the same capital, have gone to a larger center and made more for the same buck. Invested in many projects and are counted on to carry on in their community. Two there are many who in the service club which aimed to the young men and women who are so tied to federal organizations with work. We wish them every success and know that if they feel we need Lions Club here, then the future looks bright.

Verl Olson was admitted to the Lions Club of Bashaw, Alberta, on the 19th of October. He is a very successful businessman and is very interested in the local community. He is a very successful businessman and is very interested in the local community. He is a very successful businessman and is very interested in the local community.

GOING BOOM?

A general meeting of all churches in the area for next Monday night and will be held at the home of Mrs. Lee. It is hoped that all who are, or interested will be on hand for this First of All Winter Service here.

and a profitable one to Arvid. The project was very successful and was very profitable. The project was very successful and was very profitable. The project was very successful and was very profitable.

JOHNSON'S

SLOW LEARNERS

(Continued from Last week)
Many slow learners tend to be lacking in sympathy with their classmates.

Mr. Dore Shepherd, of the 1st, 2nd and 3rd grades, spent the holiday week with his parents. He and Mrs. J. Shepherd, who is a teacher, have a young son who will be born January 1st, 1936.

The slow learner may lack social skills. He may be a "loner" in the classroom. He may be a "loner" in the social life. He may be a "loner" in the family. He may be a "loner" in the community. He may be a "loner" in the church. He may be a "loner" in the neighborhood. He may be a "loner" in the world.

How the School Committee Provides for the Slow Learner

Dr. Jack Church of the University of Alberta

The materials used in the classroom are adapted to the needs of the slow learner. The materials used in the classroom are adapted to the needs of the slow learner. The materials used in the classroom are adapted to the needs of the slow learner.

Acceleration of the slow learner is a process. It is a process of learning. It is a process of growth. It is a process of development. It is a process of progress.

MISSING ISSUE(S)

NOVEMBER

YE EDITOR'S PAGE

THE ARK

With the number and kind of organizations that now exist in Bashaw there should be no major problem in forming an all-over group to get started on the feasibility study of a covered river and recreation centre here. It is after the first "go-round" it looks as if the people of this area do not want this sort of recreation centre then another matter can be dug up. With continental year in 1937 it would seem as if a town or community should be able to bring forward one major project, and perhaps until minor ones to stand as foothold reminders in years hence. This is the year to get started. Fulfill any major projects in 1937.

THE BLOOD CLINTON

November 17th has been set as the day for Bashaw's second blood donor clinic of the year and it is hoped now that harvest is over and everyone is sort of "in the groove" for winter that a record attendance will result.

There can be no finer way of expressing a thanks to the donors than by being sure you are a donor. Each year many citizens take part in the organization and in preparation for the clinics here and

you as a donor have just as much to do as the rest. Your donation can be the means of helping someone unbeknownst perhaps to you. This is the greatest of service that one may give. Tell your friends, the young men, the one regretted doing just that.

And who knows it may be the blood you give may be the crucial gift you can give to your family or yourself.

HALLOWEEN

Halloween is a fast driving out on the poutch and tumble night it has been in and its share we are beginning to find that it affords an opportunity to do things for others. We are glad, as most people are that UNICEF has been tied to this day and night for it all the year.

It is unfortunate that some of the very little real damage done to the American church. This is the case of vandalism in religious areas and if the culture can be found there should receive treatment for desecration of a home of worship.

LETTERS TO THE EDITOR

The Bashaw Star

These enclosed the sum of \$5.00 for subscription. I left Bashaw a few days ago and having a lot of relatives there and friends I am sure you will be glad to have the paper.

And who knows it may be the blood you give may be the crucial gift you can give to your family or yourself.

Robt. H. Thompson, National Social Credit Leader

The Hon. E. C. Manning, Premier of Alberta

"Personal freedom should not be jeopardized in the interests of a political party."

Today we face a crisis. We must forego traditional political procedures and give precedence to a position dictated by the national interest. We must choose men of moral quality and ability, motivated men and women with the courage and energy required to take up the challenge of government.

"Where can we find such men?" Look to Alberta and the success story of Social Credit in this Province. Here are men of sincerity, integrity and ability—men who believe in personal freedom, economic freedom and security.

You have the choice on November 5th. Elect your Social Credit candidate, and give Alberta voice in Ottawa.

THE EDITOR'S PAGE

SOON OVER

The electorate of Canada went to the polls Monday. It is the time in the history of the country we will know just for what we spent several millions of dollars. The net result, whatever that is, should be a government which should show that the Canadians people want government, not the playing of party lines on any issue. Government was made to govern, and at times to matter be distasteful that may be, or how it may affect the party, not government minority or not, will stand in the test of history.

Somewhere we feel that members of parliament are more concerned with their own seat and party, than they are with the people... (the government) — who elect them.

Perhaps we ought to have a referendum bill in parliament which completely divorces M.P.'s from their party, once they are elected. In this way every representative would be free to vote for the good of the people and parliament, and not as a party hanger.

We are convinced that the Canadian people will unite under a common leadership for their country, and we are equally convinced they thought this election was a lot of nonsense.

FAT AND FREDERB

Those who may be bird lovers, and those who assure to be, should take a few minutes now to drill down in trees of holly, fill them with fat and hang them on your yard trees or leaves. Watch this winter when the waxwings, robins and other winter birds come flying through how they will live. Winter is always a bit of a struggle and these birds will be the first of the week, but with the addition of a few of our feathered friends about the yard becomes much more cheerful. Try it now.

A FESTIVAL FOR BOTH

The Bashaw Chamber of Commerce have been trying to get off the ground on a Bohemian Festival and Christmas day theme for this fall and winter arrangements.

have been made. However with Santa Claus coming right on the heels of it was felt that a combination of both would result in a most successful event. In this mind some of the best estimated and those who are given to a full meeting of all the business this week. If you are involved in or along with the ideas and theme will be made your wish known. It will aid in making a decision to further plan.

PAYING AND OUR TURN

At the time that the two blocks on Main street were fully paved, there was some talk of oiling, road sealing, and paving of extra-roads from the highway as well as sealing what ever be done with main town roads and the rest of the village area.

Paving of any kind is a costly process but certain work of grading, curb and gutter and back filling done a year or so previous can give some insight on the cost of all proposed project.

At the recent Alberta Municipal Association meeting, the town of Edmonton and its departments expressed the availability of giving towns and villages a grant comparable to the poorest town in which counties and M.P.'s represent to be used by the towns for curb, gutter, sidewalks, and perhaps even sewer-paving work. We think the resolution was timely and should have the unqualified support and drive of every town and village in the province. The cost could certainly not be more than one third of the cost of the province where for great areas which it is in Edmonton and Calgary.

The towns will continue to grow and service people of a given area. Why not some of the best of their citizens. Perhaps the home-owner grants, which are modest a few more than we can or afford expect.

New Town Office

The town office was to move the rest of its belongings Monday into the former AIT building which has been purchased by the town for use as a town centre.

Alix News

The November meeting of the St. Irene Parish chapter of the IOOF was held at the St. Bernard home Tuesday evening November 2 when Mrs. E. J. Harte and Mrs. A. E. Harte were co-chairmen. Mrs. Harte had attended the semi-annual convention of the IOOF conference held in the Hotel and presented a detailed account of the trip. Mrs. Harte reported that the IOOF had received a letter from the St. Irene Parish chapter of the IOOF in Byram Lake following the trip. The trip was a very successful one and a large quantity of quilt making goods on hand with a sale of rag quilts being made. Arrangements for a quilt making sale were made and this was followed by a quilt trying sale in the hall. The sale was a great success and the IOOF was able to raise a large sum of money for the IOOF. The IOOF was able to raise a large sum of money for the IOOF. The IOOF was able to raise a large sum of money for the IOOF.

SAPPHY WEEK - SO WHAT!

Safety week never seems to have the impact that it should and pass that announcement has been made that insurance rates for automobiles and trucks will be going up as high as 10 per cent, in some places in Canada, perhaps it will be worthwhile to take a closer look at safety as far as we ourselves are concerned. It always has been a great deal of money to be earned whether with cars, or in every region that we work and live.

Because it has not happened to us, we are not sure that we are the next victims of an accident either on the road or at home. In today's world with a thousandfold increase in moving parts, more sophisticated appliances, millions of electric wiring in our homes, and complex movement in the cars and trucks we drive, we must have firmly embedded in our minds the fact that we are individually in charge of and the engineers who control all these things. Once we have established that fact then we MUST also accept the responsibility which is ours as the engineer or driver, we MUST drive. We must also take into account the things that affect us as responsible men in charge. We MUST be sure that none of these things we command fall or create accidents for themselves. Rather it is the training of these things with human beings that gives us a great number of causes for many accidents. When we read a new statistic on

highway deaths, home fires, or accidents let us read it with the understanding that what has happened could be yours or I. Every citizen and responsibility will not cut down the accidents but certainly will eliminate those cases where the human factor is involved. And if we can do that we can begin to look forward to some reduction in insurance policies. Until we take a serious approach to the human factor, we can not continue to look for even more insurance.

OUR COMMENTARY SHOWS

RE'S A REAL OUT TOGETHER! The recent announcement in many weekly papers as well as the daily press that Roy Willis of Settler had been awarded a merit award as outstanding citizen of the year for the Settler Chapter of Commerce confirms what we have said. It is a commendation of his fourth decade brethren that he has accepted, and often at conventions can be found doing some of these extra little chores that in other ways to be satisfied. A man who has his own heritage and his personal devotion to the weekly newspaper task every hour beyond what his like father loves the people and community he serves - and because of this has exercised leadership in that community - many whose wisdom has been sought in vari-

ous circles beyond the bounds of his home town, but who maintains a humble and yet devoted opinion of these things and is a man of the people. A veritable "diamond of the rough" Roy Willis is every bit of the lower and we miss on as well our personal acquaintance with the man who at the close of the week's press has been leaving his home to do what he wanted to, and what he believed was good for his community.

A GOOD TIME TO THINK OF OTHERS

With the Xmas season approaching whatever you're doing - it's an opportunity to stand up and think of the trials and tribulations of others. Dedicate Xmas to the people who are in need, when you can still think of things that can be done in 1965 or in 1966. Our own countrymen who have been less fortunate in making their way in life. Nothing can give you the thrill of giving, in matter what it is, for this spirit, in one effort fills the mind, heart and brings vitality to the body. In the same proportion as the receiver. To do something others as well as what one feels should be done is the best.

Social Trends and Their Effects on Education

As a recent Teacher's Conference has been in session at the University of Alberta, the topic of Social Trends and Their Effects on Education was dealt with by Dr. John Clark of the Alberta Teacher's Association. He made the following statement in one of his reports:

1. The topic, "Social Trends and Their Effects on Education" is one that will be of increasing importance in the years ahead.

2. A teacher's knowledge of social trends is essential to his understanding of the needs of his pupils.

3. A teacher's knowledge of social trends is essential to his understanding of the needs of his community.

4. A teacher's knowledge of social trends is essential to his understanding of the needs of his country.

5. A teacher's knowledge of social trends is essential to his understanding of the needs of his world.

6. A teacher's knowledge of social trends is essential to his understanding of the needs of his future.

THE HUNTING SEASON

The local and migratory and big game seasons are closing in on an end. Hunters from the area, although sluggish in the game, still fared well in the regular big game season.

When one views the hunting situation in the area, it is the question of the thousands that will have to be spent in cooperation of all kinds, if 20 years from now we have to have, even a fraction of the hunting that is here now.

In the last ten years one must see a decided decline in the bags that are being procured with the same time and effort as before.

One day, not too far from now, because of cause, whether it be birds or game will be more than the average hunter can afford.

Dollars will have to be spent, to preserve areas, which are the lifeblood of the world will want to expand, even more than a few years have again passed when it will be necessary to re-evaluate our hunting.

CHRISTMAS CONCERTS

Within the next 10 weeks most of the Christmas concerts in the area will be set or over, and after 90 years or more of this annual Christmas event, one has been to believe that they will eventually be included in the traditions of Xmas.

It is an amazing thing that no matter how good or how poor the performers, music, melody, and melody will be there to inspire and uplift.

It is an amazing thing that no matter how good or how poor the performers, music, melody, and melody will be there to inspire and uplift.

It is an amazing thing that no matter how good or how poor the performers, music, melody, and melody will be there to inspire and uplift.

It is an amazing thing that no matter how good or how poor the performers, music, melody, and melody will be there to inspire and uplift.

THE SEED PLANT

The building of the seed plant here some years ago has proved to be a very real thing. From the standpoint of operation, for implementation of the seed plant, it is operated as a good average plant, and we would have been improved, and the seed and crop situation in the entire area which it serves.

The ultimate aim of course is to eradicate the weed situation, or at least to reduce it, and to upgrade the quality of the grain being raised in the area.

One day, not too far from now, because of cause, whether it be birds or game will be more than the average hunter can afford.

Dollars will have to be spent, to preserve areas, which are the lifeblood of the world will want to expand, even more than a few years have again passed when it will be necessary to re-evaluate our hunting.

It is an amazing thing that no matter how good or how poor the performers, music, melody, and melody will be there to inspire and uplift.

THE FLAVOR OF CHRISTMAS.

Order the taste of years which a person celebrates Christmas there are always memories that remain behind the palate of the Christmas season. One of the strongest is the flavor and flavor of Christmas.

One does not have to go to a gourmet to appreciate the taste of Christmas. The flavor of Christmas is what makes it a real time to eat and what makes it a real time to eat. It is the flavor of Christmas that makes it a time to eat and what makes it a time to eat.

WE NEED ONE ANOTHER

With space travel and regular air travel bringing us closer together by the hour, the world is becoming a smaller place. We need one another more than ever before.

Too often have we segregated ourselves into town and rural and city and country and failed to realize the need of others in different situations.

Winnipeg has been the most of the rural area people on farms and in towns and villages who move more and more to the city.

It would seem that over the years, though the fanciful and romantic dream of preparation for the future has given way to a more realistic one, the knowledge of what is to come is not as clear as it is to us.

The festive season is still a time of good feeling, but much of the holiday character of the food has changed. Perhaps what we are getting is a better food, but it is not the food of the children of today.

The festive season is still a time of good feeling, but much of the holiday character of the food has changed. Perhaps what we are getting is a better food, but it is not the food of the children of today.

CHRISTMAS CARDS

If one does not have the rest of the year from friends, it is certainly likely that the Christmas cards will be exchanged and come pertinent notes of the happenings of the year expressed.

The tradition of exchanging "Xmas cards" is a white and snowy holiday and has a history of its own.

One of the most interesting parts of this history is the fact that greeting cards were first used to convey a message, custom, manner and fashion through the years.

Modern cards take a broader, more light-hearted approach. They are growing cards began to reflect an attitude of "I'm glad you're here."

Christmas cards were first offered to the trade by an English publisher in the 1840's. They carried such designs as "Merry Christmas" and "Merry Christmas to you."

Modern cards take a broader, more light-hearted approach. They are growing cards began to reflect an attitude of "I'm glad you're here."

SAFE TREES

Be sure to install your Christmas tree safely. The tree should be in a pool of cold water, secured with a cap of water, secured with a cap of water, secured with a cap of water. You can also place it in a box of a cold water, secured with a cap of water. It from drying out. Whatever you do, be sure it is anchored firmly, will not fall or be knocked over by the holiday season.

WISAIL BOWL

The Wisail Bowl is a tradition of ancient Persians, still popular today. The dish may be hot, but the game is not. It is the Persians' equivalent of "Four Heads" and is a fitting game for the holiday season.

WELCOME WINDOW

Let your picture window welcome guests to your home. Place a candle, a wreath, or a spray of evergreen in the window, remembering at the same time that the warmth of day and the cheerfulness of your window. The children may enjoy a window display effect with easily washed oil paintings and artificial snow spray. A real treat for children is working with snow paint, they enjoy staining their handwork on these snow-blown signs.

OUTDOOR THEME

If you want your outdoor decorations to appear bright with a plan. Keep your plan simple, avoiding and decorating a single feature — a tree, chimney, or flower. Use your imagination to create a beautiful landscape. Remember, they feature, or even placed behind the lights will show well. Don't overcrowd with lights strung haphazardly over trees in lawns, or place to give the occasion with light the holiday season.

CHRISTMAS TOPS

Christmas stockings are usually of rattan and tops for little ones of the Middle Ages. In the 15th and 16th centuries, little girls used to wear the Christmas stockings had to make for cradle toys. Little boys of that era got toy horses and knights to ride.

HOLE IN HEAD

According to the makers of pottery, a popular modern gift, Greek and Roman children of early Christian times were often given poppet dolls. These dolls were commonly made with wood and a hole in the head. A string connected the arms and legs, and the doll was a poppet doll.

SAFETY AND PESTICIDES

This week literature is coming in the mail emphasizing the fact that some care must be taken in the use of pesticides and the following rules and regulations are listed for the proper and best handling of it.

[illegible]

ately and wash thoroughly.

7. Wash hands and face and change to clean clothing after spraying or drenching. Also wash clothing each day before washing.
8. Cover food and water containers when treating around livestock or pet areas. Do not contaminate fish ponds.
9. Use separate equipment for applying insecticides/herbicides to avoid accidental injury to susceptible plants.
10. Always dispose of empty containers so that they pose no hazard to humans or animals.

11. Observe label directions and cautions to keep residues on edible portions of plants within the limits provided by law.

12. If symptoms of illness occur during or shortly after spraying or dusting, call a physician or get the patient to a hospital immediately.

Sprays and pesticides can be effective farming tools but care must be exercised.

100

airline

In winter, man or machine? Materials are available for almost all critical off-season discounts are often available. So, don't let it make a lot of sense to have those repair and replacement done now. Not only is it often easier and less costly, but it also allows you to take the low-maintenance lead and the screen needed, having the

the drops cleaned, the hinge stamped, and the hinge replaced. And the electrical appliances repaired. All jobs which can call for a long wait.

Some companies, like the one in Springfield, Mass., which has been handling such jobs, efficiently and reliably, have a winter season. What's more, government-sponsored, low-cost home

improvement loans are available through banks, to assist you in carrying out all your renovation jobs. In fact, many banks are now offering to do up to \$400,000 worth of ten years' repayment.

No doubt about winter is the best time to make repairs to your car or place in business. Do it now!

Everybody benefits when winter work is increased

EFFICIENT FEEDING
AND LIVESTOCK MANAGEMENT

By Dr. Gustav Rehder
Associate Professor of Animal Husbandry
University of Wisconsin

Now About Antibiotics For Pigs Now?

If you're an old feed additive, you may be tempted to say:

A good many stockmen are in doubt about the value of antibiotics for whatever livestock they may be feeding. Some have serious doubts about their efficacy now as compared to years

ago. Others are still in doubt about their growth rate, especially early in the life of the animal. Some feed antibiotics in excess, up to 10 times the recommended level, with poor results. Others, on the other hand, are so sure of their value that they are using them liberally on all livestock, and especially on the young of the herd.

Under certain conditions a

GO GO GO

Whatever else the go-go-go club produced recently, it gave incentive to do just that. With spring just a month away we should be looking at the first imperative thing that we would want to get done, whether they are for ourselves or for some group that we would belong to. There is no greater incentive than spring to go-go. Gardening, reorganization, painting all these plans at last waiting eyes for the job to be done. Spring is the time to get up and go, and sometimes the effort made in the spring carries over to the summer.

THE CENTENNIAL PROJECT

The town of Bashaw has announced that the centennial project here will be a set of. We thank most of the people in our agreement, but believe some concrete plan and idea should be given to the citizens of what and when this will be. With centennial less than a year away some genuine old time enthusiasm should be being developed, first at the municipal level and second at the level of our organizations or groups within the municipal area. To properly celebrate the centennial there must be the highest preparation but rather careful and detailed, so that whatever the project may be it may fitly be dedicated as a centennial issue. This is not just another grant for just another project, but rather to commemorate the 100th birthday of this nation, of which we are proud to be a member and growing part. By early summer it should be known just what if any kind of projects we are to have to celebrate this centennial, as a national, a picnic or what. All the celebration to the occasion and serve to increase upon local activities and children that no more can we pass this off. It should be a time of great celebration as well as dedication and some things which for the greater part of 1967 could be promoted.

JUST WHERE DO WE START?

Last week a number of parents had the opportunity of hearing McNamee Elliott speaking at the town hall meeting on automation and systems on an even away from some details. Mr Elliott predicted that is due time, and it appeared to be foreseeable, that towns may have the use of some computer for all business accounting in the town, that one day much of

our normal banking would be done by computer, and that soon we must be preparing to learn what to do with our money.

Of course as fast as this came it will first be used by large companies that are beginning to use them. From some changes which have occurred this could conceivably have been used by the town.

I also mention it is an interesting thing to watch the process of education as changes that this will bring into the town.

THE WATER LEVELS

A few years back we were very concerned with the low level of water, with streams drying up and the consequent reaction of that condition. The announcement of the water diversification scheme has allayed a lot of fears for under present conditions and control of the runoff waters it is likely that we can secure for years to come the water levels and rivers as they should be.

The last two winters have provided additional facts of snow, that if properly channelled will serve well to keep water up to proper levels. In this bill part of our arm we believe that there are some points where either fish and game or Ducks Unlimited could use us to advance for their conservation projects.

COMMUNITY CREDIT

As the days lengthen towards the spring season and organizations begin their seasonal work, it is becoming a greater and growing part. By early summer it should be known just what if any kind of projects we are to have to celebrate this centennial, as a national, a picnic or what. All the celebration to the occasion and serve to increase upon local activities and children that no more can we pass this off. It should be a time of great celebration as well as dedication and some things which for the greater part of 1967 could be promoted.

ANNUAL MEETINGS MONDAY

The annual meetings of the V.D. group of Partinville, Hiverville, Donahue, Alix and the Town of Bashaw will be held at Monday. A time for all citizens of each community to get out and say what is on their minds.

EDUCATION WEEK

Education week this year starts on March 7th and during that time hundreds of parents and interested people will be entering the halls of learning to hear just what is being taught and in many places one displays eager to see the results of education at the various grade levels.

It is a week in which parents (and sometimes feel inadequate under today's curriculum) will be able to see just what is being done for their child, and as a result may be able to give some assistance.

It is a week in which you can view the school plant, and determine just where your son or daughter has gone in this world. It is a week in which you can get a better understanding of the whole educational process and can away with wonder or distrust, depend on your viewpoint.

Certainly it behooves us as parents and taxpayers to be acquainted with this matter of education which is one of the biggest problems facing us today.

It is a week in which you can view the school plant, and determine just where your son or daughter has gone in this world. It is a week in which you can get a better understanding of the whole educational process and can away with wonder or distrust, depend on your viewpoint.

Certainly it behooves us as parents and taxpayers to be acquainted with this matter of education which is one of the biggest problems facing us today.

THE ARENA

How many people in the district are vitally interested in recreation and the establishment of a covered rink here as the first step in a recreation complex for the area?

Any project as large as a recreation complex would be too massive to run in the future will require the assistance of the people of the area over a long period of time, and any start that may be made in this respect will take time to focus the eventual costs and benefits. Recreation facilities are not built for a five or ten year life; they are constructed with a 25 year view in mind and are partly for the recreation of financing; partly for the generation that should benefit.

With information coming as it is, the matter of real constructive and joyful as well as helpful recreation may well be the most costly dollar spent to education, that we will soon be receiving. Because of this we must make sure that what we do for recreation is a well done, and can be added to for the benefit of all.

It is an interesting concept we must have but one that cannot easily be done.

THE SUPER BLADE

Until the super blade came along thousands of men and aspiring young men carried off their whiskers with straight razors, safety razors, and even better knives and they tell us, in the backwoods, even razor-sharp little blades.

Then came the blade and presto

TO THEIR CREDIT

No matter what organization in this area goes out on a project for the community there always has been one or more people who have been chosen to lead the project. Whether these people have been chosen to lead the project they have led it with the same spirit and have an opportunity for their dollar. We are happy to see that they have not been given the rounds calling for donations. Rather they have taken what we intend to do, and we will support it.

To often in years past in some communities there has been a practice to expect that this or that should be expected by public donors and very often the donors have been the minority few. To have a project, and to give opportunity for the majority to take part in the raising of funds has much more to commend it. Whether the project may be scheduled by any organization let us keep it on the plane where everyone can take a part. In support.

TO THEIR CREDIT

No matter what organization in this area goes out on a project for the community there always has been one or more people who have been chosen to lead the project. Whether these people have been chosen to lead the project they have led it with the same spirit and have an opportunity for their dollar. We are happy to see that they have not been given the rounds calling for donations. Rather they have taken what we intend to do, and we will support it.

To often in years past in some communities there has been a practice to expect that this or that should be expected by public donors and very often the donors have been the minority few. To have a project, and to give opportunity for the majority to take part in the raising of funds has much more to commend it. Whether the project may be scheduled by any organization let us keep it on the plane where everyone can take a part. In support.

MAYBE A CLOCK

With no alarm at noon anymore, in the town clock on our fire tower or some where, where the public hour with the clock on main street.

YE EDITOR'S PAGE

EDUCATION WEEK

Education week this year starts on March 7th and during that time hundreds of parents and interested people will be entering the halls of learning to hear just what is being taught and in many places one displays eager to see the results of education at the various grade levels.

It is a week in which parents (and sometimes feel inadequate under today's curriculum) will be able to see just what is being done for their child, and as a result may be able to give some assistance.

It is a week in which you can view the school plant, and determine just where your son or daughter has gone in this world. It is a week in which you can get a better understanding of the whole educational process and can away with wonder or distrust, depend on your viewpoint.

Certainly it behooves us as parents and taxpayers to be acquainted with this matter of education which is one of the biggest problems facing us today.

It is a week in which you can view the school plant, and determine just where your son or daughter has gone in this world. It is a week in which you can get a better understanding of the whole educational process and can away with wonder or distrust, depend on your viewpoint.

Certainly it behooves us as parents and taxpayers to be acquainted with this matter of education which is one of the biggest problems facing us today.

THE ARENA

How many people in the district are vitally interested in recreation and the establishment of a covered rink here as the first step in a recreation complex for the area?

Any project as large as a recreation complex would be too massive to run in the future will require the assistance of the people of the area over a long period of time, and any start that may be made in this respect will take time to focus the eventual costs and benefits. Recreation facilities are not built for a five or ten year life; they are constructed with a 25 year view in mind and are partly for the recreation of financing; partly for the generation that should benefit.

With information coming as it is, the matter of real constructive and joyful as well as helpful recreation may well be the most costly dollar spent to education, that we will soon be receiving. Because of this we must make sure that what we do for recreation is a well done, and can be added to for the benefit of all.

It is an interesting concept we must have but one that cannot easily be done.

THE SUPER BLADE

Until the super blade came along thousands of men and aspiring young men carried off their whiskers with straight razors, safety razors, and even better knives and they tell us, in the backwoods, even razor-sharp little blades.

Then came the blade and presto

TO THEIR CREDIT

1,000 Goal to Project

Lutherans Gather for Evangelism Services

Twenty members of the Bashaw Lutheran Church recently met in the Zion Church basement to hear

and date mem-
berships will e-
will be sold to
district for any
Page Four)

the Rev. William Peterson of
Minnesota, Minnesota Mr. Peter-
son is a field representative of the
Evangelical Lutheran Church in
America. In his remarks he em-
phasized the importance of culti-
vating the spiritual life of those
who are already members of the
Christian Church, and of an ef-
fective outreach to minister to
the needs of the underserved. The

Rev. William Hurst of Toronto is unable to serve as minister for the week of April 17th. It was decided to request the invitation to Pastor Hurst for the week of November 13th. Considerable interest in the "small group movement" is evident among those participating

BASHAW WEST

Mrs. L. Carlson is a patient in the Bashaw General Hospital this past week.

Mr. and Mrs. Arnold Jones and family of Centerville and Mr. and Mrs. David Olson and family were visitors at Bashaw.

Mr. Leo Abbey gave a report on his recent tour of B.C. and the U.S.A., at the local F.W.A. Local at Mornington on Thursday.

The Calumet Legion Society met at the home of Mrs. Frank Trapson on Tuesday, March 12. There was a good attendance.

Plans were made to hold a Bazaar and Novelty Sale in Baskin, in April.

The next meeting will be held at the home of Mrs. Adron Nelson.

JOHNSON'S

OBITUARY

W. J. and Jack Wilson and children of Calgary miss valid: they died on Sunday, March 13, 1966, at their home in Calgary. Mr. Wilson was 78 years old and Mrs. Wilson was 75 years old. They were both born in the United States and were married in 1910. They had three children: two sons and one daughter. They were both members of the United Methodist Church. They were both active in their church and community. They were both very kind and generous people. They were both very much loved by their family and friends. Their funeral will be held on Thursday, April 14, 1966, at 10:00 a.m. from the funeral home of Mr. and Mrs. J. H. Brown, 1000 - 10th St. N.E., Calgary. Burial will be in the Mount Pleasant Cemetery. Friends are invited to attend.

Bashaw Briefs

Mr. and Mrs. J. H. Brown and family were visitors here last week and guests here. Mr. Brown is a well-known businessman in Calgary and has been in the city for many years. He is a member of the Calgary Board of Trade and the Calgary Chamber of Commerce. He is also a member of the United Methodist Church. Mrs. Brown is a well-known social worker and has been in the city for many years. She is a member of the Calgary Board of Trade and the Calgary Chamber of Commerce. She is also a member of the United Methodist Church. They were both very kind and generous people. They were both very much loved by their family and friends. Their funeral will be held on Thursday, April 14, 1966, at 10:00 a.m. from the funeral home of Mr. and Mrs. J. H. Brown, 1000 - 10th St. N.E., Calgary. Burial will be in the Mount Pleasant Cemetery. Friends are invited to attend.

The picture and soiling of \$100,000 was shelling from the FPFA. Two Marines at the base of the rubble, both, is in progress. The Marines are the last of the rubble.

De Crou says that at families receiving trees will be called by means of an address code in the next few days in advance of delivery. His suggestion that trees should be planted in order received after the trees are shipped individually. De Crou means that the general families can be given a general family code in the future. It is possible that trees should be planted in order received after the trees are shipped individually.

says that with favorable weather conditions, shipping should be completed by May 5.

Two seedlings are available at \$100 in Manitoba, Saskatchewan and Alberta under the Canada Department of Agriculture program of free seedlings and beautiful-planting program.

There is no charge for the trees except for delivery costs.

It is possible that if immediate planting is not possible, the trees should be removed from the sales and stored in a cold area until planted.

Dr. Cunniff says that trees for which orders were received before the end of February will be shipped first in coastal lots to the western regions, while there are still small quantities of manzanita, maple, and American ash seedlings.

Orders can be received freely to the PRA Tree sale at Indian Head, or the best Agricultural Experiment Station.

He also notes that the trees are available in small quantities and that the trees are available in small quantities.

wednesday afternoon was spent on a great many recently as they attended the Trade Fair at the Perinotah hall including an assemblage sale of articles from the surrounding communities and the town. The fair time pictures and surrounding neighborhood pictures and old timbers of the district. There was a fish pond for the kiddies, bake table bingo for those who wanted to play, and last but not least, a fine lunch was served.

A quilt was raffled and drawings were made and Mrs. Myrtle Long was the lucky recipient. The Perinotah Community club sponsored the fair and they realized about — \$124.27 from their efforts.

PEOPLE ARE INDIVIDUALS

WHEN IT COMES TO HOLIDAYS it used to be that years are May 24, July 1st most week ends, and other holidays people of entire districts regard for parties, short days, or just to visit with one another. With the coming of the year, this changed and available transportation gave us the excuse, or perhaps opportunity to be some individual experience as far as a 100 mile or more in any holiday. This of course led to every man and sometimes women becoming independent fishermen, anglers, collectors and sight-seers. All of this excites on a holiday but fewer and fewer to work out details of sports days, and men and the refinement an other holiday. Then too it led to a strange situation, on where communities depended upon enticing outside interests to be the reason for most of their own people were gone.

It all adds up to us being very much individuals who want to run our own show when we have a day. And we want to do what we feel is our personal recreation and business. Unless it is a very special occasion which demands personal respect people are more apt to want to go to the lake and become less involved, particularly in the summertime when they feel it is theirs to spend as they wish. Certainly it leaves our society lacking in community spirit to cope.

WHAT CAN BE DONE

People are not prone to get involved apart from their own lives today, and as great a virtue as the sanctity of a life it is certain that a community of no organization can fulfill the goals or obligations which it has to come and understand among its members. When a community or an organization has a job to be undertaken the efforts of certainly the members become a duty, not a privilege. If there is work to be done, if there are decisions to be made, then the importance of the individual must give way to the good of all.

These are fundamental rules of organizations, within these communities. No one who lives in a community, has the right to say "I live here because I live here, and my life is here". One cannot push aside the thoughts and enterprises of hundreds who have lived here before and gave time and energy that the community might prosper, and you have a job.

What can a dollar a day do?

One dollar a day, put into an investment plan, will grow into \$10,000 in just twenty years! Almost everyone could put aside one dollar a day for the future... maybe more!

At this moment more than 15,000 Canadians are making their dreams come true through the Savings Plan. And a plan can be tailored to suit your specific needs.

Take the first step now to build a substantial cash reserve for your future. Call your Savings Man. He's your best friend financially!

By Miss Helen Bess, Social House Economist, Farm Women's Week will be held at the Caledonian Hotel, Victoria, British Columbia, July 1st, under the auspices of the Alberta Department of Agriculture, Home Economics Extension Service.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. James P. Smith, DVM, University of Alberta, Edmonton, Alberta

Preventing Milk Fever

Milk fever, or hypocalcemia, is a common condition in dairy cattle. It is caused by a sudden drop in blood calcium levels during the first few days of lactation.

The cause of milk fever is a sudden drop in blood calcium levels during the first few days of lactation. This is due to the fact that the body cannot produce enough calcium to meet the demands of the milk.

There are several ways to prevent milk fever. One is to ensure that the cow has a good diet of hay and silage. Another is to ensure that the cow is properly managed during the first few days of lactation.

Another way to prevent milk fever is to ensure that the cow is properly managed during the first few days of lactation. This includes ensuring that the cow is properly milked and that the milk is properly stored.

It is important to note that milk fever is a serious condition and can be fatal if not treated promptly. Therefore, it is essential to take steps to prevent it from occurring.

However, it is necessary to be alert for the signs of milk fever. These include a sudden drop in milk production, a loss of appetite, and a general weakness.

By Dr. James P. Smith, DVM, University of Alberta, Edmonton, Alberta

Starting from scratch a few years ago the Bashaw Riding Association has a job to be undertaken the efforts of certainly the members become a duty, not a privilege.

We understand that this year the association will be holding a rodeo. This is a very important event and we hope that many people will attend.

These are fundamental rules of organizations, within these communities. No one who lives in a community, has the right to say "I live here because I live here, and my life is here".

One cannot push aside the thoughts and enterprises of hundreds who have lived here before and gave time and energy that the community might prosper, and you have a job.

REPORT on the activities of the International Commission on the Development of the Arctic Region (ICDAR) will be published by the National Institute of Environmental Health Sciences (NIEHS) in the near future. The report, which is the result of a study conducted by the ICDAR, will provide a comprehensive overview of the current state of knowledge on the environmental and health impacts of development in the Arctic region. The study was conducted by a team of experts from various countries, including Canada, the United States, and the Soviet Union. The report will be available to the public through the NIEHS website and will also be distributed to libraries and other interested parties.

The Conference will begin Wednesday morning with registration of delegates and a general assembly with Father B. G. O'Connell, Rector of St. Nicholas Church of Central United Church will read the invocation. P. C. Jorgensen's welcome to

news stories published in 1920 contained the first reference to the magazine. *Science*, newspaper for the retail garment trade, in its March 1920 issue, was the first to point along "how-to" information on Cretorian sales material. The magazine, which is published annually, is published in many languages. It can be the most complete source of descriptive information on all animals when he is not available.

THE IN CLUBS

The annual shows and sales of the various calf clubs in the district have been held and as usual they were fine affairs.

Throughout the years one can find the calf club in the district has been held and as usual they were fine affairs.

The shows are continuing to draw better crowds each year, indicating more interest in food feeding and calf management.

It was noticeable this year in the Bashaw club that generally through out the calves were of a more uniform quality, indicating more care in some cases. Certainly they were a fine group of animals. It is also interesting to note the premiums that were able to be paid on the calves as the result of competition.

Officials from various local businesses and people to supplement the market buyers price.

DISCUSSION OF PROPERTY

How one is able to determine just how close what, when, where, damage and defiance permeate a situation is very hard to determine.

If evidence seen one can only surmise the some very delicate and unusual things have been going on in our community.

It has got to be pointed out where discussion of church property is complicated and perhaps sometimes a vicious revenge on communal property are being made by like a few individuals. The result is that people who do not want to be people who may not be involved at all.

EFFICIENT FEEDING

Published in Bashaw, Alta. Author: The owner of the farm, who has been successful in raising calves, and the person who has been successful in raising calves.

By R. Newton Editor and Publisher

There is a high time that the group who are travelling with this diaphragm and doctored lurch. Some call the show themselves and get some straight answers from those who are intent upon disputation and dispute.

There is a usually recent for dumping bottles of any kind or which formerly contained both beer and hard liquor; there is no reason for discarding the inferior if any church (the house of God); there is no reason for littering lawns and sidewalks, with one or another of their dumpings, or tires. Nor does there appear to be a reason why most of these things have to be around at all.

Features of the members of the gang themselves to close house can only have alternative—a strong group of vigilante minded citizens who will settle the thing any way or another with uncomfortable, and despair for most concerned.

If we don't know the meaning of public respect and decency than this is the hard way to learn.

—J—

In a community this size, it takes so many number of workers for food, as in one twice the size. As a result, then, the community must be able to recruit additional workers. The task is never easy, but easier when more accept responsibility.

EFFICIENT FEEDING

AND LIVESTOCK MANAGEMENT

By Dr. George Baskin, DVM, University of Alberta

Avoiding Grass Stagger in Cattle

Grass staggers is a disease of cattle which is caused by a toxin in some types of grass. The toxin is usually found in the seed heads of the grass, and is most common in the grasses of the genus *Lolium*. The disease is characterized by a sudden death of the animal, usually within a few days of the onset of the disease. The animal may show signs of depression, loss of appetite, and weakness before it dies.

READ THE LABEL CAREFULLY

Effective weed control calls for the proper use of herbicides. Failure to comply with the label instructions can result in loss of time and money.

Your dealer Agent will be pleased to discuss your herbicide requirements and to give you prompt service on all matters.

THE HONDA PROBLEM
Three accidents this last week in Honda and cars involving a number of people have called attention to our attention that we are a community moving along with everything that we do.

As a consequence, life and limb are dependent upon our attention to charge of wheeled vehicles whether they be Honda, bicycle, car, truck. Everyone is charged with a responsibility to prepare to stop in a moment's notice particularly in traffic conditions. Everyone including those with license permits must know and practice traffic rules of safety.

Everyone must know the operation and action of that vehicle under all conditions.

The incident last week in which a young man lost his life on a Honda, was a tragedy. The Honda was a new model, Honda and cars tried to race the Honda. The Honda was a new model, Honda and cars tried to race the Honda. The Honda was a new model, Honda and cars tried to race the Honda.

As a driver, it is not only the driver's responsibility to be alert, but also the responsibility of all factors and other people.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT
By Dr. George Schubert
University of Western Ontario

Modern Rations Superior to Yesterday's

All of us who are concerned with the feeding of livestock must be aware of the fact that modern rations are superior to those of yesterday. This is due to the fact that modern rations are based on scientific principles and are designed to meet the needs of the animal.

Modern rations are superior to those of yesterday because they are based on scientific principles and are designed to meet the needs of the animal.

Modern rations are superior to those of yesterday because they are based on scientific principles and are designed to meet the needs of the animal.

What can a dollar a day do?
One dollar a day, put into an investment plan, will grow into \$10.00 in just twenty years.
Almost everyone could put one dollar a day for the future... maybe more.

At this moment more than 15,000 Canadians are making their dream come true through investing in the future. A plan can be tailored to suit your specific needs.

There have been a number of inquiries this spring about the plan. The plan is a simple one, and it is designed to help you achieve your financial goals.

Red Peterson and John Remy were in the office last week making arrangements for a draw to be held by the local branch of the Canadian Legion, in relation to the population of Canada, which will be depleted of the Chinese. The idea is to create a pool on the figures and thereby raise money for the relief of the Chinese.

Don Seiber of Edmonton, brother of Mrs. L. Puchanitzki, is expected to leave this week on a motor trip to Los Angeles, California, and will be returning on the coast route.

Mr. and Mrs. R. Gaudin and Mr. and Mrs. Drexler Schickler were unfortunately late last week.

Mr. and Mrs. Jan Mah family spent Sunday in Juncos, California, and will be home this week.

Paul Schütz, along with Joe and Ed Schütz, who are completing the course of instruction in the town, previously mentioned, have just finished some time this week.

Mr. Ross Newman, who has been in the city for some time, is expected to leave this week on a motor trip to Los Angeles, California, and will be returning with Myrtle's mother, Mrs. Eva Duxander, Don Stas, home and will be in the city.

BUSINESS FOR SALE

CARD OF THANKS
I wish to express my most humble and sincere thanks to all the good women, neighbors and friends of the Water Geyser Calumet and Poonah districts who came with tractors and machinery to pull the crop in and to do some relieving work. Their help was brought forth

cooked and served dinner and lunch, and to Mr. Wenden and his wife, who were very kind to give me the fuel for the tractor. May God reward you all richly for this wonderful act of kindness that will never be forgotten.

Mrs. William Blagay

CARD OF THANKS

We wish to express our sincere thanks and gratitude to our many friends and relatives for their acts of kindness, help,

manifestations of sympathy, benevolence and fraternal and memorial services received, during our bereavement.

(Mrs.) Margot Shilkey, Shirley and Violet.

IN MEMORIAM

John McCleary, Camrose, Addresses Graduates; Fine and Gala Affair

Highlighted with some fine decorated gateways and dancing, the annual graduation ceremony of the Camrose High School was held last night. Special efforts were made to make the affair a gala event. The program was held in the gymnasium and was attended by a large number of guests. The principal, Mr. J. H. McCleary, gave the closing address. The ceremony was a fine and gala affair.

The evening was well planned and executed through the efforts of the Homecoming Committee. The principal of Canby High School, recently, the Homecoming Committee. YE EDITOR'S PAGE

THE APPELLING EMBROID

The following has appeared in many daily and weekly publications in the course of the last year and widely reprinted by newspapers who subscribe to the same ideas. It is a letter which would like to join all the rest in the news.

Francis Exander.

What has happened to our nation? An editor speaks out in favor of free love.

A man of God condones sexual excursions by unmarried adults.

—Mervin sets as a commercial commodity.

—Book stores and cigar stands peddle pornography.

—A high court laces yesterday's smut today's literature.

—Record shops feature adult, including nude and near nude.

—TV shows and TV commercials pour out a flood of acid, seditious and negative sex situations.

—A campaign is launched to bring the acceptance of homosexuality.

—Radio broadcasts present discussions for and against pedophilia.

—TV's minor words now appear in publications of general circulation.

Look around you. These things are happening to your nation. In the 2 decades since the end of World War II we have seen our national standards of morality lowered and our youth corrupted.

We have seen a steady erosion of principles of decency, and respect for the individual.

And we have harvested a whirlwind of sex levels and social problems have today.

Today, we have a higher percentage of our youth in jail in reformatories than on probation and in trouble than ever before.

Study the statistics on illegitimate births — on juvenile crimes — on the school dropouts — on our deviation on dope addiction — on high school marriages — on crime — on the divorce rate. The figures are higher than ever and rising higher.

Parents, police authorities, educators and thoughtful citizens in all walks of life are deeply distressed. They should be. For they are responsible. We, the older generation are responsible.

Our youngsters are no better and no worse than we were at the same age. Generally they are wiser. But they have more temptation than we had. They have more cars. They have more money.

Many Memorials Mark Last Rites for Joyce Pearson Here

Funeral services for the late Joyce Pearson were held at the Stettler Funeral Home.

JULY

Auxiliary Set up

The regular meeting of the Auxiliary Hospital Auxiliary was held at the staff dining room. The Treasurer report showed a balance of \$147.35.

The Purse Nightingale Tea was well attended and \$81.25 was cleared. It was moved that a letter of thanks be sent to Louise of the League for the delicious lunch they donated. Also a letter of thanks to Edith Schell for serving so many of the guests.

Two lady sets were sold for Mrs. Judith Hogue and for a letter of thanks be sent to the Angustina Lutheran Church. The Auxiliary has been making the public of pyramids and for doing the hospital work.

Wednesday for the month of June. This made a nice break for those who were there every week and was much appreciated.

The next meeting will be held on September 27th, at the hospital.

A letterhead was served by Missian Hiltner.

Ask Vehicles and Horses Off the School Grounds

The school board superintendent of the schools for County of Banash Monday and advised that situation be ruled in the possible damage that is occurring at the school grounds.

It is forbidden under regulations to use the school grounds for any purpose and activities, such as horse and carriage, and horses are not allowed on the grounds.

It is forbidden under regulations to use the school grounds for any purpose and activities, such as horse and carriage, and horses are not allowed on the grounds.

These using the grounds in this way will be dealt with by School and County officials.

Tragic Accident Claims Allan Orom

The district was thoroughly shocked last Thursday when it was learned that Allan Orom, a young son of Mr. and Mrs. Leslie Orom of Banash had been killed while working at Prince Rupert, where he is employed.

The sympathy of the district goes out to the Orom family at this time.

Superior Finance Dividends High: Shares Climb High

The 5th annual report of the Superior Finance Co. Ltd. under the chairmanship of Earl Berry, was given at a shareholders' meeting in the BSA hall last week.

In a letter to the shareholders after the meeting the President said that the dividend on the shares was \$10.00 per \$100 share, and the share of present was now \$10.00 per \$100 share.

The company which had been in force with the company was being discontinued and shareholders were recommended to transfer the company.

The last year was one of substantial progress from the company of the report listed in volume and build-up of assets. Income increased 17% over last year's total of \$70,000 to \$82,000.

The assets of the company showed \$114,000 in the bank, \$100,000 in investment, and \$12,000 in the bank.

Low inventory and prepaid expenses the total current assets of \$1,200,000.

Against the assets was total reserve liabilities of \$773,000.

On the statement of operations

Something New for Bashaw

During the reconstruction process the advice given to the new owner of the Bashaw was to have a new structure built.

The structure is a new building with a high level of strength and is built to withstand the winter.

Crops of vegetables, such as tomatoes, and other vegetables, are now being grown.

The growth is from the ground and is a new development.

It is a new development and is a new development.

It is a new development and is a new development.

Milk Stream Starts Monday, July 18

With the advent of July 18th the long hot summer of operation a cheese factory in Banash will begin to be a reality.

On that day the District Dairy plant Ltd. announced they will start to purchase milk for use in the cheese operation.

During the past month, after many hours of frustration because of lack of equipment and transfer of the plant equipment from Ontario to Banash, the plant has been set up.

The plant has been set up and the equipment has been moved to Banash.

Centennial Museum Travel Award

On the occasion of the 25th anniversary of the Confederation of Canadian Artists' Commemorative Committee is offering a Music Travel Award to an international music competition, as a means of giving appreciation and giving encouragement to talented musicians in the province. Appearance at an international competition is usually offered to the finest opportunity to further the career of a deserving artist.

Applications will be accepted up to January 1, 1987, and unless the Committee decides that there are special circumstances, the award will be made available for competitions to take place in 1987 or 1988.

Further information regarding the Music Travel Award, and application forms, may be obtained from:

The Alberta Centennial Committee, c/o Recreation & Cultural Development Branch, Department of the Provincial Secretary, Government of Alberta, Edmonton, Alberta T6C 2P4.

Centennial Report

Every Canadian has enough to be a little nostalgic about the centennial of the Dominion of Canada.

For the past year, special decorations and a special program have been going on to mark the centennial of the Dominion of Canada.

These celebrations are going on all over the country. For example, the City of Edmonton has a special program.

David Hildner, editor of the Bashaw Star, has a special program for the centennial of the Dominion of Canada.

From a cross-section of the Dominion of Canada, the Bashaw Star has a special program for the centennial of the Dominion of Canada.

In an editorial which appears in the Bashaw Star, the editor writes: "What's needed now is a little more of the spirit of the Dominion of Canada."

Well, this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

And this is the spirit of the Dominion of Canada. It is the spirit of the Dominion of Canada.

Sophia Sukarow Heads Moose ladies for 1966-67

The Bashaw Chapter 177, Moose, will have Sophia Sukarow as its head for the 1966-67 season.

Sukarow, who is a member of the chapter, was elected head of the chapter at the annual meeting.

The chapter will have a busy season ahead of it, with many social events and fundraisers.

Sukarow is a well-known member of the chapter and has been active in many community events.

The chapter will have a special event in August, which will be a benefit for the local hospital.

YE EDITOR GE

Great ideas never survive by themselves. Ideas without action are nothing, and can best be described as a child thinking that he has a plan. The state of purpose and persistence of effort.

There are people who despise work who look with scorn upon a honest workman. The world could get along without such people for better than it could without the workman. What if laborers stopped baking, the farmer stopped plowing, the gardener gave up gardening, the tailor stopped sewing, the sailor refused to go to sea, because all of these things are hard work? A pretty penny we would come to, somebody must work; if there were no workers—only dandies—what a world it would be!

We were made to work, and we are well paid for it too. No maker who can make up his mind to have, or working for it to get it. Abraham Lincoln once was asked how he accepted this remarkable faculty of putting things together. "You are quite right," he said, "it does require it, I worked for it. When I was a youth, nothing made me so mad as to have a man say to me, 'I can't do that.' I would say to him, 'I can't do that, and then I would do it.'"

The world has only a smidge of ridicule for it; it bestows its highest honors upon men who are willing to drive for noble purposes. It is in labor that the hard, the weary, the scold, the man who has to do the work, and converts it into bread. It is work that drives down the low, and lifts up the high, and builds the ship, and guides it to the harbor. It is the mighty might that turns the door to a garden, and makes the waste into a garden.

WHERE TO - EDUCATION!
With respect to boys and girls from without our County boundaries for co-operative facilities in their own service in our community, the County should look kindly on any man move.

Our Alberta Heritage
WESTERN CANADIAN PIONEER MUSEUM

History of pioneer transportation captured in this unique collection

An extraordinary blend of men, land, and time. From the early days of the fur trade to the present day, the Pioneer Museum has created a unique collection of pioneer transportation. The collection includes a variety of stagecoaches, wagons, and other vehicles used by pioneers. The museum is located in the heart of the Pioneer Museum, and is open to the public. The museum is a must-see for anyone interested in the history of the West.

The Kaituma, an inverted pyramid, will be the focal point of the Canadian government exhibit at Expo, the largest as far as the Exhibition Centre will be (anticlockwise) the United States pavilion, featuring a huge dome; the Soviet Union pavilion where visitors will experience the weightlessness of being in space; and the French pavilion, whose shape will be traditional and innovative.

HONOR ROBERT TINS, AT PEINTOSH GATHERING

Ferintosh
Mr. and Mrs. Albert Potts were visitors at the home of the late Robert Tins, who died last week. Mr. Potts is a well known resident of the town and was a member of the local church. He was a very kind and generous man and was loved by all who knew him. His death was a great loss to the community.

Mr. and Mrs. Potts were accompanied by their daughter, Mrs. Mary Potts, who is also a resident of the town. They were all very much distressed by the death of their father-in-law. The funeral service will be held on Friday, August 26th, at 10:00 a.m. at the local church. Burial will be in the cemetery.

Best of Form: Mr. and Mrs. J. C. Potts, for their 5-year-old horse, "The Bashaw Star".

Alix News

At the regular meeting of the Alix News Committee, the following was approved:
The committee has decided to hold a picnic on the 26th of August at the home of Mr. and Mrs. J. C. Potts. The picnic will be held from 1:00 p.m. to 5:00 p.m. and will be open to all members of the committee. The picnic will be held on the premises of the Potts family and will be a very enjoyable day for all who attend.

Last Rites for Mrs. Steiner
Last rites for the late Mary Steiner were held at St. Mary's Church at 10:30 a.m. on Tuesday. The Rev. Father J. J. O'Connell officiated. Burial was in the St. Mary's Cemetery. Mrs. Steiner was 82 years old. She was born in the Ukraine and came to Canada in 1910. She was a member of the Ukrainian Catholic Church and the Ukrainian Women's Association. She was also a member of the Ukrainian Canadian Congress. She was a devoted wife and mother and is survived by her husband, John Steiner, and several children.

FIRE PREVENTION WEEK
Fire Prevention week will soon be upon us. It starts October 9th and the thought of a fiery inferno and the loss of a home, farm, and community home owner should be a day or two on it.

This is the time of year when a lot can be done to tidy up the home and get rid of hazards that could catch catastrophes for anyone.

Furnaces, electric wiring, paint and varnishes, all should be put in place to stop possible outbreak of that demon FIRE.

Your closest attention to detail now will pay off in peace of mind over the winter months.

A TREE-PLANTING PROGRAM
With much of the new areas of the town getting filled in we often wonder what these streets will be like 20 years from now.

Most of us may not be around then to enjoy what should be some very fine streets in our town, providing of course that action is taken now to provide the trees and shrubs.

A well planned plan laid down for areas would ensure the neighborhood with a full yard in harmony with the street or other existing neighborhood areas. This should not take too long, and we are sure the officials of the Dept. of Agriculture would be glad to help plan such a programme.

STREET OILING
Now that the season for dust and grime is about over so far as the streets are concerned it is a good time to think about what can be done for the year ahead - Centennial Year. One of the nicest gifts that citizens could have would be a dust-free town. One, that when wintered, would still continue for years.

We believe, a lot of money there, that actual facts and figures on street oiling, or road surfacing should be tabulated, and a public meeting held to propose a proposition to the ratepayers so that he can accept or reject a proposition that he has had his mind for a long time.

We have heard some ratepayers say that they would even consider the cost of permanent dust-proofing on their streets if the price it could be spread over a period of years.

This kind of thinking is going on, and if the facts and figures were available, and kept up to date, then one year we could start.

It is long as we might go through Centennial year, without a major plan ahead of us for the future. Now can be the time for good planning.

STAY ALERT
Fire protection is the personal responsibility of every Altonian, young and old. It is the duty of every citizen to prevent accidental fires and stem their spreading. The best way to prevent a fire is to be alert. During Fire Prevention week, the Altonian is urged to check for fire hazards at home and at work. Throughout the year, every citizen should be in the constant danger of fire.

FILTERS FOR ALL

There was a time when coming home from school the average student would be satisfied to find a piece of news or a letter, and some papers on it, and be satisfied.

Today of course we accept many different kinds of filters to starve off that afternoon hunger. Around most homes or cars can be found the wrappings from the filter and the Coke, poppers, cigarettes, licorice, bubble gum, jaw breakers, candy canes and a hundred other varieties of rumpled up filters.

Some years ago one had oatmeal or wheat porridge for breakfast, and jam or maple puddings of miss propriety to fill the inner man. Corn starch and black macaroni puddings seemed to be the cuisine, that every growing person had. Certainly there was nothing very glamorous, but at least the food was plain and wholesome. We are not so sure of the grub that today is meted out between meals and at bedtime.

A good bag of hot well buttered popcorn still charms up youngsters and should be eaten on the stomach, liver, spleen and kidneys (loads of much of the confection we have today, like Pacelites, colored and shaped so it has eye appeal and perhaps even a premium or coupon) is appealing to the young buying eye. To the element of digestive tract, it must be a horror.

We're just waiting for some one to come along with a good plan for chocolate bars with no glittering sides.

WE MUST LOOK AHEAD

Regardless of the dearest stage that the world anarchy seems to be heading for, we cannot and must not sit on every conceivable stone or program for good. For even if the world did end tomorrow, or war came, or disaster struck, we would for a few brief hours, as the time we sit worrying about it.

Published at Bashaw, Alberta, on Wednesday, October 12, 1966, by The Bashaw Star, Ltd., a company incorporated in the Province of Alberta. W. R. HARRISON, Editor and Publisher.

CHECK MEDICINE CABINET FOR FAMILY SAFETY

A cluttered medicine chest is not only inefficient but downright dangerous. Labels have to be in some amount or form of period of time, having you to try to determine what is in the bottle. It is the type of person who would be in a hurry to get the wrong label.

Pharmacies and drug stores are now giving the family medicine cabinet a full drive inspection. They will give of household in better family health and safety. Every medicine cabinet should have a list of all the medicines and their uses, and a list of all the medicines and their uses.

How many will be 100 years old in 1967? How many children will be born? How many will be in the hospital? How many will be in the hospital? How many will be in the hospital?

GREEN ACRES

For many years, the large amount of acreage and land that are generally produced in a small area, and the land is not used to its full potential. The land is not used to its full potential.

Sponsored by the Bashaw General Hospital.

We would at this time like to invite all our friends to "open house" from 7 to 9 p.m. followed by our wedding dance on Thursday, November 18th, in the Donalds Community Hall. Holly and Wayne

RCMP are investigating number of these incidents and in due time action will be taken.

CHRISTMAS DECORATIONS

As in years past it is expected that the many business and home owners will start soon to trim and light up the town with an array of color that comes truly only once a year. The decorations are in the form of the many and various homes in town and really as no idea is here to be displayed each year in the event.

This year, as in previous years Mr. Elmer Johnson has put up each prime tree in the various homes in town and really as no idea is here to be displayed each year in the event.

The town knows that such a contest is going on, plans change rapidly from year to year, in order to vie for the top spot. At one time one or two strings of lights sufficed for the celebration of the season—but now those houses are being outlined and symbol created. It is a growing and wonderful spectacle to see. Stores too, this year are spending more time in trying to arrange their various Christmas displays and already some are ready for the onslaught of festive buyers.

The Christmas lights will soon be on the streets and it is hoped that the many who have plans will carry them into practice before December 1.

In places like the large cities Santa Claus Parades and the festive atmosphere has already taken hold and those of us who are some distance away are tempted to make a trip to see them. But we can have just as much fun spending the time on our own decorating here and be able to appreciate it over a much longer time.

GET UP AND GO

With the growth of a number of business places changing hands in the near future, those who are still in business are wondering just what is the scene?

This sort of change is a natural pattern of commerce every 10 to 15 years and one that should not alarm anyone. Communities grow and thrive and prosper as long as they have a community.

All communities are a part of the life of all the people who have ever done business in them, and such a heritage which every newcomer will find welcome a part of.

Changes occur, but benefits accrue over the years, but only by making together in a common cause for the community can any prosper and sustain themselves.

We are no longer just Mr. John Doe, but rather a part of great area, and we broaden our thinking in terms of the area which we serve.

Everyone who is in business here.

... who's fighting war on weeds?

Alberta farmers who have much chance of winning their war against weeds

the land has to be measured and boundary monuments established. To see that this is done properly is the job of the Surveys Branch of the Alberta Department of Highways. In addition to being responsible for the establishment of these monuments, the

Division, Alberta Institute of Agriculture, and the Department of Agriculture and Food, and to individual farmers. Effective weed control is provided at the discretion of the municipal authorities, but more than to farmers, because there is a greater potential of dangerous or unsocialized growths of weeds in public places, weeds along roadsides, and weeds that are kept in areas by municipalities of great concern to the municipalities. The Province's concern

The Mapping Division of the
Survey Branch.

SANTA CLAUS DAY

Whatever may be the problems of organization or disorganization, Santa Claus day, long established in the Bashaw area has become one of the major highlights of the year.

Last Saturday was a day when the role, and hundreds of children, along with their parents came to sleep at Bashaw.

The day and idea has been built up because of a great amount of love and tradition through the years and certainly every year it pays off in terms of the town.

Whatever else may be worth of its failures, it is made possible only by a combined effort of the merchants and people, and a desire to wanting to have something good.

There were good crowds, out too at the Co-op, annual Christmas concert. All of this indicates of course that organization and promotion for a special event will pay off in advance.

STRICT WARNING

Last week information was published by the Lacombe Globe that hunters were wanted to check the moose. It was because of the prevalence of tapeworm in moose meat this year.

The warning came a bit late for a number of hunters who already had procured their game, but a veterinarian as warned the hunters to dispose of their meat, rather than take a chance. No indications of the tapeworm were found in either deer or elk.

Hunters should heed the advice and check.

THE SCOUT TREES

For two or more years the scouts have been selling Christmas trees, and this year again a small group were brought in for this week.

There were no gifts, and many of the trees were not suitable for sale, as a good Christmas tree, as a result many people have not yet purchased theirs. Hopefully it has been said that others are due to arrive. It would seem good reason to order for next year at this time, so that churches and organizations who need trees early for services, etc. will have them in time. Somewhere, however, the thing is to be kept up and too late for top and prize sale.

Most will feel lucky if they can get any kind of tree by late this week and now.

AN AMBITIOUS PROJECT

The announcement some time ago that the Canadian Legion of Bashaw had purchased the gravel pit east of town, and would turn it into an arena for their own ball and eventually a park, does not lack ambition. In due time it might even appear that a parade may be raised for this worthwhile purpose. In any case once it comes to fruition, it will be an accomplishment that will bear large dividends.

For a number of years some members of the organization have been thinking in terms of such a project, and anything that is a community enterprise of some kind. This is one of the last, and we would hope that whatever method is taken to raise more funds that will have the support of not only the members of the organization but the public at large. Nothing can be accomplished like this.

KEEP YOUR HEATING PLANT IN REPAIR

It is a good plan to have a time now, before the holiday season arrives.

You will not wish to find out that your heating plant is not working when you are looking forward to a warm and happy Christmas.

If you have your heating plant in good repair, you will not have to worry about it when the cold weather comes.

It is a good plan to have a time now, before the holiday season arrives.

NEW SEED TESTING SERVICE

Approved growers are now able to submit their seed for a purity and germination test. The test for purity (seed count) is a specialized test available to registered growers for the first time. Contact your Barrie Agent for further particulars.

SEARLE GRAIN COMPANY, LTD.

Famine Threat Growing

Most people know the term "famine" and know that it is a very serious word. It is a word that is used to describe a time when there is a shortage of food, and people are starving.

It is a word that is used to describe a time when there is a shortage of food, and people are starving.

THEIR ARE SHAVES AND SHAYERS

Despite the fact that the electric razor has come into use over the years, there are still those who shave with a straight razor. It is a skill that is being lost, and it is a shame that it is being lost.

It is a skill that is being lost, and it is a shame that it is being lost.

Fortunately the days of the sick face, covered with ails, to prevent bleeding are over, because of the advances in the design, or change to an all time electric shaver—let there still be the shaver of the shaver, or electric, at the most important moment.

The shaver of the shaver, or electric, at the most important moment. The shaver of the shaver, or electric, at the most important moment.

CHRISTMAS BRINGS THE FINEST IN MUSIC

Whatever one may or may not think of the Christmas season, there appears to be many who enjoy it. It is a time when people are happy, and it is a time when people are happy.

What other medium has given rise to so much of the world's music?

What other medium has given rise to so much of the world's music? What other medium has given rise to so much of the world's music?

DECORATION FOR CENTENIAL

At least one organization, the local hospital has a Centennial flag flying for all to see.

For the year it would be most gratifying to see some in town, as well as some in the surrounding area, adorned with the crests that are symbols of the Centennial.

A town wide promotion with the Centennial theme should have great impact and give the area a sense of the historic importance of the occasion.

It is possible that if some organizations had contact with agencies that the whole town area could be supplied with the necessary decorations at a minimal cost.

THE SNOWMOBILE COMES INTO ITS OWN

During the past season the snowmobile has become a popular mode of transport, and its popularity has increased to the point where it is now one of the most popular modes of transport in the area.

During the past season the snowmobile has become a popular mode of transport, and its popularity has increased to the point where it is now one of the most popular modes of transport in the area.

During the past season the snowmobile has become a popular mode of transport, and its popularity has increased to the point where it is now one of the most popular modes of transport in the area.

PLANTING FOR CENTENIAL

Soon it will be time for the various organizations to begin planting their Centennial trees. The first tree to be planted was the one in the town of Bashaw, Alberta.

A CHAT OF ARMS

Not every town has a coat of arms, but we believe that almost every town that has used the symbol of a coat of arms in its history.

Within the past two weeks there has been some concern about the value of milk coming out of the cheese plant in the town of Bashaw, Alberta.

EFFICIENT FEEDING AND LIVESTOCK MANAGEMENT

By Dr. Robert B. Johnson
DVM, MSc, PhD
University of Alberta

Bloat Preventive In Block Salt Effective

Various factors can contribute to bloat in cattle, and the most common is the ingestion of large amounts of feed.

One of the most common causes of bloat is the ingestion of large amounts of feed, and this can be prevented by the use of bloat preventives.

CREDIT AND COLLECTIONS

Anyone who has ever been in business knows that the quickest way to founder a business is to have credit.

MEN'S STARTING TO HAVE CHARACTER

The last World War has produced a generation of men who are different from the ones that came before.
